

*The mission of Empower Generations is to collaborate with learners in health and wellness, lifelong learning, college and career readiness, and community partnership. In doing so, learners become self-directed leaders, problem solvers, creators, collaborators, innovators, and active community members. We accomplish this through a rigorous, relevant, and attainable education program that blends independent study, community experience, and one-on-one support based on the Common Core Standards. We celebrate and foster learners' individuality, and support them in discovering their highest potential in the environment that best suits their needs.*
