## Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Board Report Date: February 10, 2022

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Empower Generations	Malaka Donovan, Director	<a href="mailto:malaka.donovan@empowergenerations.org">malaka.donovan@empowergenerations.org</a> (818) 675-7500

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP).

In addition to the 2021-2022 Local Control Funding Formula expenditures and the Local Control Accountability Plan (approved in June 2021), the school received one time funding due to the COVID-19 pandemic and the impacts of learning on its learners. Empower Generations has received the Extended Learning Opportunity Grant. Engagement and consultation with educational partners and the community at large took place with discussions and collaborations in the spring of 2021. The staff, parents, and community at large were notified of the additional funding and planning through parent groups, staff meetings, and at public board meetings.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

In June 2021, based on anticipated 100 ADA, Empower Generations anticipated receiving \$91,188 in concentration grant money. Due to the lower ADA as of P1 of 67, the school only received \$81,596 in concentration grant money including the add-on funding this year. This money allowed the school to retain the school counselor to work with the learners who are at-risk and deemed low-income, English learner, and/or foster youth for additional support.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

The school received one time federal funding due to the COVID-19 pandemic and the impacts of learning on its learners. Empower Generations has received the Elementary and Secondary School Emergency Relief (ESSER) II and III funding. Engagement and consultation with educational partners and the community at large took place with schoolwide information and specific meeting discussions. The learners, staff, parents, and community at large were notified of the additional funding and planning through Monday Messages, working with parent groups, during staff meetings, and at public board meetings.

The ESSER III plan was also sent to the school's authorizer, posted to the school website, and submitted to the LA County Office of Education. The school staff, educational partners, Board Members, and community at large reviewed the developed plan for spending in conjunction with the needs of the learners and school as applicable to the funding source. The EL/Homeless/Foster/Migrant administrative support personnel was included in the planning. State and local requirements were monitored so that the plan remained current to ensure the facilities were prepared to be an ongoing safe space for instruction, social emotional needs were being met, and learning gaps addressed. Support staff communicated with and attended state and local health meetings for pertinent updates. Prior to Board Meetings, the agendas and funding plan was posted at the meeting location and on the public website for all educational partners and the community at large to review. The additional funding sources were also discussed at Board Meetings that are open to the public and community at large (which included opportunities for public comment). Lastly, the special education administrative support team was in attendance during the Board Meeting discussions and actions taken to approve these plans as required.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

To maintain the health and safety of learners, facilitators, and other staff, Empower Generations developed and implemented a COVID-19 Safety Plan and Prevention Program (posted on the school's website) which outlined safety protocols. The School Director has kept families and staff informed on updated COVID safety procedures to support the continuity of services.

Some of the challenges during the 2021-2022 school year have been shortages in staff including staff vacancies and substitute coverage. Many of the learners did not return in person to the Resource Center for in person learner check-ins which created seemingly disengaged learners and a decline in attendance to 20%. The staff revamped the virtual learner check-ins to assure that the learning was continuing at home. Also, an additional need for hot spots and computers for learners at home was needed to help with learner engagement. During the month of January, AVPH closed its facility which reduced the learning space so that fewer learners could attend each day in person.

Through the use of one-time COVID relief funding, the school was able to provide a summer program paid for by Extended Learning Opportunity Grant funds to mitigate learning loss. Additional support in social emotional learning were purchased and provided through Project Wayfinder, books for Restorative Circles, and trauma-informed training paid for by ESSER II. ESSER II also paid for a daily substitute hired to fill in for staff due to COVID restraints.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

The Safe Return to In-Person Instruction and Continuity of Services Plan was written to continuously and safely operate schools for in-person learning in a way that reduces or prevents the spread of the COVID-19 virus. 2021-2022 LCAP goals 1, 2 and 3 were written in part to ensure school safety, target children below proficiency, mitigate learning loss, support social emotional learning, support career opportunities/partnerships for high schoolers, and encourage school attendance at the resource center. The one-time funding has and will continue to provide additional opportunities to put these plans in action by providing the ability to purchase additional materials, curriculum, technology, training, and support as outlined above to meet the ongoing needs of learners.

# Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

*For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

## Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

## Plan Summary 2022-2023

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA.

Empower Generations is a nonclassroom-based, WASC accredited, public charter DASS (Dashboard Alternative School Status) and WIOA school that educates and supports pregnant and parenting teens and at-promise youth in grades 9-12 to meet their individual goals through a whole person, whole family approach. The school, which is based out of Lancaster, California, opened in 2016 to provide pregnant, parenting and at-promise youth a trauma-informed environment to explore and gain confidence in the unique challenge of young parenthood. The school's diverse population mirrors the demographic statistics of teen pregnancy in Antelope Valley. During the 2021-22 school year, enrollment was 92 learners. The school's population is 38% Hispanic or Latino; 34.8% African American; 18.5% White; 5.4% Two or More Races; 1.1% Pacific Islander; 1.1% Filipino; and 1.1% Not Reported. 73.9% of Empower Generations' learners qualify for free and reduced meals.

The vision of Empower Generations is that all learners will possess the knowledge, skills, and confidence to achieve health and wellness, raise healthy and happy children, master academic standards, develop a strong understanding of subject matter, and collaborate effectively with the community in which they live. Empower Generations' transfer records indicate that a majority of its learners have chronically struggled with attendance, GPA, stable housing or family situations, and discipline in traditional school settings. The program is not only designed to help young parents navigate education and parenting, but also encourages them to reframe their learning. As a strength-based program, the school considers each learner as being "at promise".

Through a trauma-sensitive lens, an emphasis on health and wellness, and developing community partnerships, Empower Generations' personalized learning environment provides learners with multiple ways to demonstrate proficiency of the Common Core Standards. The school offers a learner-centered, competency-based approach to education that focuses on project-based learning and social-emotional learning principles while adhering to state standards. Social-Emotional Learning (SEL) is the process through which children and adults understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. Empower Generations' Schoolwide Learner Outcomes were carefully selected to develop the whole child with a focus on both academic and social-emotional learning. These include: academic rigor, college and career readiness, critical thinking, curiosity, gratitude, grit, growth mindset, optimism, purpose, self control, social intelligence, and zest. Twice a year, learners and facilitators alike reflect on student growth in each of these areas through use of the iLEAD Comprehensive Growth Card.

Learner performance and achievement are measured by a variety of summative and formative assessments that are aligned to state standards and reflect proficiency measures required by the California Assessment of Student Performance and Progress (CAASPP). To support instructional decision making, the school utilizes NWEA MAP (Measures of Academic Progress), an adaptive assessment tool approved by the California Department of Education (CDE), as one of several measures to monitor learner progress throughout the year.

As a DASS school, Empower Generations works with foster, homeless and juvenile youth. The school has established many important partnerships with the community to deliver wrap-around services for social-emotional wellness, engagement and academic achievement. Through the implementation of professional learning on diversity, equity, and inclusion, it is Empower Generations' goal to build engaging educational experiences with a focus on each learner's unique strengths to cultivate a love for learning. School staff works with each learner to develop an individualized learning plan with an emphasis on academic and SEL goals. The staff also incorporates a variety of methods and best practices including professional learning, implementation of intentional teaching strategies, analysis of learner performance data, Multi-Tiered Systems of Support (MTSS), and the revision of instruction as necessary to educate all learners and address the unique needs of English Learners (4.3%), Students with Disabilities (26.1%), Socioeconomically Disadvantaged (77.2%), those experiencing Homelessness (0%), and Foster Youth (1.1%). At Empower Generations, personalized learning includes supporting English learners with integrated and designated language support during the school day and Students with Disabilities according to the needs of their individualized education plans providing them with the least restrictive environment possible.

Empower Generations' learners will have an awareness of and preparedness for the endless possibilities of their future while meeting rigorous and attainable graduation requirements. Through the guidance of academic counselors, the school continues to prepare its learners for college and career through college-prep a-g coursework, Career Technical Education (CTE) pathways, college credit courses, and work-based learning opportunities.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

During the 2021-22 school year, Empower Generation's proudest successes include:

- Initial six year WASC accreditation.
- Families expressed a relatively high level of satisfaction with the program.
- Project development by school staff for the benefit of learners.
- Increased community partnerships.
- Diversified professional learning for staff to impact learner academic and SEL achievement.

## Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

With the most recent data on the CA School Dashboard still reflecting 2019 data (due to it being suspended during the COVID-19 pandemic), the school maintains its emphasis on the identified needs from 2021-22. This includes:

- Academic Achievement: ELA & Math  
Due to a small number of learners tested in grade 11 on the 2019 CA School Dashboard, no data was available. NWEA MAP scores indicate that this is an identified need.
- Increase the percentage of learners graduating as prepared  
The 2019 CA School Dashboard shows that 3.1% of Empower Generations learners graduated as prepared (compared to the state's percentage of 44.1%).
- Improved graduation rates for Empower Generations

Four additional identified needs involve:

- Ensuring the social-emotional well-being of learners are being met as a result of the pandemic.
- Recruitment and retention of credentialed staff.
- A renewed focus on EL learner support.
- Recruitment and retention of learners.

# LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Goal 1: Provide optimal conditions of learning through providing basic services, implementation of California Content Standards (CCS), and access to an academic and educational program as outlined in iLEAD Empower Generations' Charter.

Key Features: The actions and services supporting goal #1 provide full funding for credentialed and classified staff salaries to support all student groups. It supplies all learners with Project Based Learning coursework and/or curriculum aligned to state standards as well as technology to increase learner engagement and success. It provides for a clean, safe, and well-maintained campus. School staff will receive professional learning on topics such as diversity, equity and inclusion, PBL, SEL, competency-based learning, best practices, and academic content to increase the effectiveness of instruction to learners. Using MTSS, the school will support learners with enrichment and/or intervention strategies as needed in their academic and social emotional learning.

Goal 2: Provide all learners with a rigorous, creative, and broad curriculum to maximize academic achievement and college/career readiness.

Key Features: The actions and services supporting goal #2 enable school staff to further develop and utilize internal monitoring systems to support academic and social-emotional growth and achievement across student groups including EL learners, socioeconomically disadvantaged, foster youth and those experiencing homelessness. This includes analysis of academic and SEL data to close achievement gaps in ELA and math. Action steps to support ongoing high school program development for college and career readiness (as indicated on the CA School Dashboard) will expand high school opportunities for learners.

Goal 3: Generate active engagement between parents, families and the school as well as connections with the community, to promote learner achievement and communication among all educational partners.

Key Features: The actions and services supporting goal #3 include ongoing educational partner engagement and the fostering of connectedness through school/community events and activities. It also includes supporting the mental health and wellness of all learners. Additional services and/or resources will be provided to EL learners, socioeconomically disadvantaged, foster youth, and those experiencing homelessness based on individual needs.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Empower Generations is committed to the meaningful engagement of its educational partners in the development of the LCAP. For the annual update, feedback from families, learners, community members, board members, learners, and Empower Generations staff and leadership was utilized to evaluate program effectiveness and address the state priorities. Upon careful examination of the input received, action steps under Empower Generations' three existing goals were maintained, expanded or modified to further learner achievement and continue the development of program offerings.

During the 2021-22 school year, school events were held over the course of the year that allowed opportunity for school staff and families to connect regarding the school program. Informal feedback was also received by families through monthly learning period meetings and at schoolwide events. Additionally, monthly EL collaborations with the EL coordinators across iLEAD Schools provided the opportunity for sharing ideas gathered from facilitator and family feedback on how to improve the English learner program. The initial WASC visit occurred in the fall of 2021 and focus groups (including parents, learners, school staff, leadership, and other community members) met to reflect on their self-study prior to the visit. Feedback was also received from the WASC visit itself.

Twice a year, learners and staff completed the iLEAD Comprehensive Growth Card, a measure of learner growth in the Schoolwide Learner Outcomes, as well as their progress towards academic and social-emotional goals. Additionally, staff and leadership meetings were held monthly to discuss the program, learner progress, and gather/reflect on suggestions for improvements. Parent and learner surveys regarding aspects of the program were sent in the spring of 2022 to solicit feedback. These surveys addressed specific aspects of the LCAP (the eight state priorities for the creation of potential action steps). Various learner clubs allowed opportunities for discussion and feedback. Additionally, in the spring of 2022, iLEAD Schools' Equity Task Force also conducted listening sessions and/or facilitated surveys of staff,

leadership and learners.

Monthly board meetings were held virtually with the opportunity for anyone from the public to attend (including staff, parents and learners). On June 23, 2022, a public hearing was held for additional feedback before the LCAP was board approved on June 30, 2022.

#### A summary of the feedback provided by specific educational partners.

As a result of the pandemic, families and staff observed an increased number of learners experiencing feelings of depression, anxiety and/or in need of other mental health support. Learners also reflected this sentiment through self-evaluation on the iLEAD Comprehensive Growth Card. Academic data on internal benchmarks show areas for growth, and learners are benefitting from additional tutoring and academic resources provided through synchronous instruction and more frequent check-ins. The WASC focus groups and initial visit provided areas of focus that were also included in the LCAP. Areas for improvement include: college career readiness, recruitment and retention of qualified staff, recruitment and retention of learners, utilizing effective processes to measure and track all learner achievement, and increasing the percentage of EL learners enrolled and reclassified. School staff continues to work closely with all learners to increase college and career readiness, and are seeing a need to increase the number of community partnerships provided to unduplicated leaders.

#### A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Professional Learning, MTSS & Staff Retention, and Learner Enrollment (Goal 1): There is an ongoing need for building awareness in the area of diversity, equity and inclusion. School staff continue to work on developing MTSS so that all struggling learners are receiving the support needed. Additionally, there is a need for a renewed focus on staff retention rates and learner retention/enrollment.

Academic Achievement and College-Career Readiness (Goal 2): The high school team is dedicated to increasing the number of learners who are graduated as prepared, and school staff is working to refine their monitoring processes to ensure achievement for all learners.

Social-Emotional Well-Being and Learner Engagement (Goal 3): Putting social-emotional needs first is critical, as it affects academic achievement and learner engagement. Families of low income, foster/homeless and EL learners could benefit from additional counseling support and community resources.

# Goals and Actions

## Goal

Goal #	Description
1	Provide optimal conditions of learning through providing basic services, implementation of California Content Standards (CCS), and access to an academic and educational program as outlined in Empower Generation's Charter.

An explanation of why the LEA has developed this goal.

All learners are entitled to a rigorous and broad course of study, highly qualified teachers, standards-based learning/curriculum, current technology, well-maintained schools, and individualized support. Thus, the purpose of this goal is to provide optimal conditions of learning for all learners, ensuring access with appropriate supports and multiple forms of intervention based on each learner's need(s). Providing equity for all learners addresses the fact that not all students learn in the same ways, and many have individualized needs compared with their peers. Ongoing professional learning in diversity, equity and inclusion, best practices in education, as well as iLEAD cultural pieces to include social-emotional learning, will further improve the development of adaptive, inclusive learning environments.

This goal addresses the following State Priorities:  
Priority 1: Basic Services (Conditions of Learning)  
Priority 2: State Standards (Conditions of Learning)  
Priority 7: Course Access (Conditions of Learning)

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective the specific actions were in making progress toward the goal.

During the 2021-22 school year, Empower Generations utilized project design guides to create assignments. School staff was trained in diversity, equity and inclusion, as well as trauma-informed instruction, and PBL. School facilities were well-maintained and the learners were able to learn in a clean, safe learning environment.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022-23 school year, the planned goal remains the same. Upon careful analysis of the eight state priorities, the school strategically realigned its actions under each of the three goals so that the state priorities aligned with the goal. Goal one pertains to conditions for learning, which includes Priority 1: Basic Services; Priority 2: State Standards; and Priority 7: Course Access. The school also ensured that all measurable outcomes required by the state were included in this year's LCAP. Upon reflection of prior practice, the school added in an action about diversity, equity and inclusion as well as MTSS. Any actions under other goals in the LCAP pertaining to professional learning were incorporated under goal one. In the 2021-22 LCAP, there was a financial data entry error that caused all actions to repeat multiple times, so all actions were removed per LACOE's instructions and reentered so that the actions did not repeat themselves.

# Goal

Goal #	Description
2	Provide all learners with a rigorous, creative, and broad curriculum to maximize academic achievement and college/career readiness.

An explanation of why the LEA has developed this goal.

This goal emphasizes a continued focus on student achievement across all student groups to include increased ELA and math achievement on both state assessments and NWEA MAP (a California Department of Education (CDE)-approved, internal diagnostic assessment). The goal is to prepare learners academically and social-emotionally through project-based learning and/or personalized learning opportunities that align with state standards. Learner and credentialed teacher (facilitator) feedback on the iLEAD Comprehensive Growth Card, a measure on social-emotional, academic and personal goal-setting, also indicate a need for growth in academic achievement. Additionally, there is a need to concentrate efforts on the percentage of high schoolers graduating as prepared as indicated on the California School Dashboard's college/career indicator.

This goal addresses the following State Priorities:

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

When developing each action for Empower Generations, it was important to first consider the needs of foster youth, English learners, and socioeconomically disadvantaged learners (including those experiencing homelessness) in order to develop a plan on how to increase and improve services to these learners during the 2022-23 school year. School staff can reduce barriers and increase equity and access through evidence-based, trauma-sensitive supports and practices that provide opportunities for success. In order to address achievement gaps in ELA and math, and to help these learners in their academic and SEL achievement (to include college and career), the school plans to implement several actions to target these learners directly, with the goal of increasing their engagement in learning, improving academic support and student achievement, removing barriers to education, addressing social-emotional needs, and promoting school-family connections/partnerships.

More specifically, the unique needs of foster youth include additional academic support/interventions, community resources, counseling support, trauma-sensitive instruction, social-emotional support, individualized learning plans, equity and inclusion, and parent/family assistance. The unique needs of EL learners include English language development, additional academic support/interventions, difficulty accessing curriculum due to language barriers, primary language support, literacy skill building, language acquisition monitoring, community resources, equity and inclusion, social-emotional support, individualized learning plans, family translation services, and parent/family assistance. The unique needs of socioeconomically disadvantaged include additional academic support/interventions, community resources, counseling support, funding to access AP exams, college credit courses, trauma-sensitive instruction, social-emotional support, individualized learning plans, equity and inclusion, and parent/family assistance.

Due to the COVID-19 pandemic, state metrics were suspended for two years on the CA School Dashboard which means no current 2020 or 2021 data (aside from local priorities) was available. Thus, the 2019 Dashboard data included in the LCAP is a baseline, and updated data will be provided to the charter school during the 2022-23 school year (to include state testing results, as the school's learners resumed state testing in the spring of 2022). Empower Generations' 2019 Dashboard did not have performance data available by unduplicated student groups.

When creating actions, the school also evaluated NWEA MAP benchmark results, SEL data, counselor/liaison feedback, attendance, and SST information. Additionally, feedback from counselors, facilitators, liaisons, families, learners, office staff, community partners, board members and/or EL collaborations was considered. Through family meetings, discussions at school events, and school surveys, educational partner feedback regarding curriculum/instruction, safety, school culture, and diversity, equity and inclusion (DEI) were also considered to develop a well-rounded plan that ensured the needs of all learners were being met.

In goal one, the school created an action to provide professional learning to include diversity, equity and inclusion. These trainings are principally directed towards identifying any specific needs of unduplicated learners, referring them for additional support as needed (which also ties into the actions in goals two and three) and addressing any discrepancies in diversity, equity and inclusion in the classroom as it relates to curriculum and instruction. School staff will be able to better identify, support and implement practices/resources that increase services to these unduplicated groups.

In goal two, the school plans to monitor these identified student groups both academically and social-emotionally in order to provide additional, targeted support to promote learner achievement and college and career readiness. The school will increase counseling, monitoring and support to ensure unduplicated are utilizing opportunities to take A-G classes, college credit courses, earn the state seal of biliteracy, and/or enroll in CTE pathways in order to graduate prepared as indicated on the CA School Dashboard.

In goal three, ongoing family education and additional resources (through counseling support, community partnerships and/or additional resources based on individual need) will be dedicated to support these learners through the guidance of school counselors, liaisons and coordinators. Families of unduplicated learners are often less connected to school and sometimes need additional support on how to support their learners in the home typically resulting in higher rates of chronic absenteeism and lower graduation rates.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

During the 2022-23 school year, the school plans to use supplemental grant funds received under the Local Control Funding Formula to increase and improve the services of these special populations of students as follows:

#### Foster Youth

- Increased direct educational support through evidenced-based instructional strategies provided through professional learning to effectively address educational barriers and unique challenges.
- Targeted academic support through intervention opportunities in order to accelerate learning and address academic achievement gaps in English and math.
- Direct support services from liaisons and coordinators to provide community resources in order to meet each learner's social-emotional and physical needs.
- Supplemental support and strategies from school counselors to meet academic, social-emotional and physical needs.
- Additional progress monitoring and/or visitations by school staff as needed to ensure progress in school and support positive family-school relationships.
- Support for families through ongoing family education and other planned events to support parents/guardians.

#### English Learners

- Increased direct educational support through evidenced-based instructional strategies provided through professional learning to effectively address educational/language barriers and other unique challenges.
- Targeted academic support through intervention opportunities in order to accelerate learning and address academic achievement gaps in English and math.
- Individualized translation services as needed for families to effectively communicate with school staff.
- Additional language support from ELD facilitators and the EL coordinator.
- Additional support and guidance for Integrated and Designated ELD and ELPAC testing through the use of Ellevation, Brian Pop ELL, and small group instruction.
- Supplemental language development programs and resources to increase literacy and build English proficiency.
- Direct support services from liaisons and coordinators to provide community resources in order to meet each learner's social-emotional and physical needs.
- Supplemental support and strategies from school counselors to meet academic, social-emotional and physical needs.
- Additional progress monitoring and/or visitations by school staff as needed to ensure progress in school and support positive family-school relationships.
- Support for families through ongoing family education and other planned events to support parents/guardians.

#### Socioeconomically Disadvantaged

- Increased direct educational support through evidenced-based instructional strategies provided through professional learning to effectively address educational barriers and unique challenges.
- Targeted academic support through intervention opportunities in order to accelerate learning and address academic achievement gaps in English and math.
- Direct support services from liaisons and coordinators to provide community resources in order to meet each learner's social-emotional and physical needs.
- Supplemental support and strategies from school counselors to meet academic, social-emotional and physical needs.
- Additional progress monitoring and/or visitations by school staff as needed to ensure progress in school and support positive family-school relationships.
- Support for families through ongoing family education and other planned events to support parents/guardians.
- Supplemental funding for AP exam fees as needed.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The school's plan is to utilize an EL coordinator/liaison, counselor, credentialed and/or support staff to increase community partnerships, provide direct and wrap-around services to these learners, and support their academic and social-emotional well-being.

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

# Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

## **Local Control and Accountability Plan:**

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

# Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

## ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

## **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

***Projected LCFF Supplemental and/or Concentration Grants:*** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

***Projected Additional LCFF Concentration Grant (15 percent):*** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

***Projected Percentage to Increase or Improve Services for the Coming School Year:*** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***LCFF Carryover — Percentage:*** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## **AB 361 Emergency Legislation Regarding Brown Act Meeting Requirements Board Approved:**

Whereas, the Governor signed an Executive Order Suspending the Brown Act until October 1, 2021,

Whereas, the Governor signed Emergency Legislation AB 361 in September 2021,

Whereas, according to AB 361, the public charter school Board may take advantage of additional flexibility in teleconference meetings so long as the school complies with the following:

- The public has access via internet and/or telephone to the Board meeting and can provide public comment in some electronic form,
- The charter school uses its sound discretion and makes reasonable efforts to adhere, as closely as possible, to the other provisions of the Brown Act in order to maximize transparency and provide public access.

Whereas, AB 361 states that:

- If there is a state of emergency proclaimed by the Governor, the same suspension of teleconferencing rules apply, if either state or local officials have imposed or recommended measures to promote social distancing or, by Board vote a finding imminent risk to health or safety of attendees.

Whereas, SB 361 requires:

- The Board must provide means of how public comment will be available (internet/by phone);
- If a technical disruption occurs, no action can be taken; and
- No early requirement for public comment will be set into place and the Board shall allow for “real time” comments during full public comment period; and
- The Board makes a finding every 30 days to continue teleconferencing.

Therefore, based on the Board’s 30-day reconsideration of the current circumstances of the State of Emergency and situations of the State of Emergency continues to directly impact the ability of members to meet safely in person, and/or the State or local officials continue to impose or recommend measures to promote social distancing;

The Board has determined that it will hold its next meeting in a hybrid mode allowing Board Members and the public to attend the meetings in person using social distancing requirements or virtually given individual needs and choice of the attendee.

Empower Generations  
Admissions and Enrollment Policy  
Board Approved:

**I. Introduction**

The goal of the admissions policy of Empower Generations (hereinafter “School”) is to attract, admit and retain at the School the broadest spectrum of learners and families representative of the rich diversity existing in the Antelope Valley and surrounding areas. The School will be nonsectarian in its programs, admissions policies, employment practices and all other operations. The School will not charge tuition and the School will not discriminate in admissions or outreach against any pupil on the basis of ethnicity, national origin, gender, disability or any other legally protected category.

**II. Admission and Requirements for Admission**

The School is open to any learner in the State of California and resides in Los Angeles, Orange, Ventura, San Bernardino or Kern County who meets the admissions requirements described herein. If the number of pupils who wish to attend the School exceeds the school’s capacity, attendance (except for existing pupils of the charter school) shall be determined by a public random drawing, the process for which is described below.

**A. Admission Eligibility and Requirements**

In order to be eligible for admission in the School, learners must meet the following eligibility requirements:

- All learners must have been fully immunized to attend school on campus and present the appropriate health examination record in accordance with the California Health and Safety Code. If a learner does not attend school on campus and is part of an independent study program then the learner does not need to be fully immunized but must submit what immunizations have been completed upon admission.
- All learners must not exceed the age of 19, unless the learner has been continuously enrolled in public school and making satisfactory progress towards the award of a high school diploma, the learner is being served under the term of an Individualized Education Program, and/or the school or program qualifies for

an exemption from the general prohibition on serving learners over age 19 and in accordance with the California Education Code §§ 48010, 48011, 48210, 47612, and 47612.1.

- A learner may stay enrolled until the age of 24 if they are enrolled under a WIOA (Workforce Innovation and Opportunity Act) partnership agreement. At any time a learner does not meet the WIOA criteria they will not be able to continue enrollment. Under this agreement when a learner turns 25 years of age the learner's enrollment will be terminated with no chance to return.
- No learner may concurrently attend a private school that charges the learner's family for tuition or concurrently attend another public school.
  - All learners shall be documented as residents of the State of California.
  - If admitted in an independent study program, a learner shall be documented as a resident of the county in which the charter school reports its apportionment claims or an immediately adjacent county.
  - A learner that has been previously expelled may be admitted to the school at the discretion of the governing board and School Director on a case-by-case basis. The decision to readmit a learner or to admit a previously expelled learner from another school district, private school, or charter school shall be in the sole discretion of the School Director following a meeting with the learner and guardian or representative to determine whether the learner has successfully completed the rehabilitation plan, if any, and to determine whether the learner poses a threat to others or will be disruptive to the school environment. The learner's readmission is also contingent upon the School's capacity at the time the learner seeks readmission.

## **B. Enrollment Process**

In order to ensure that all learners will be placed appropriately and benefit fully from the education program, the following enrollment procedures will be enforced. Failure to comply with any of these procedures will result in denial of enrollment. An enrolled learner will be removed from the School if failure to comply with these procedures is discovered after enrollment has been granted. All eligible learners must meet the following requirements:

- Complete registrations for admission must be timely submitted to the School no later than the deadline published for that school year.
  - The registration for admission shall include, but is not limited to, the following:
    - Authorization for the School to request and receive learner records from all schools the learner has previously attended or is currently attending;

- A statement regarding the learner's immunization or exception from the requirement;
  - A statement regarding the learner's examinations required by the Health and Safety Code;
  - Identification of the learner's age;
  - Identification of the learner's residency;
- Parents/guardians/caregivers should, but are not required to, attend a pre-enrollment Information Open House Meeting or its equivalent.
- Parents/guardians/caregivers are strongly encouraged to attend a School info session.
- Parents/guardians/caregivers and learners shall sign and return to the School an acknowledgement of receipt and review of the Learner Guidebook with the registration for admission.
- The School shall follow any required procedures for the transfer of a program between SELPAs for learners with and Individualized Education Program (IEP).
- Additionally, each registration will be reviewed by staff to ensure it is complete before the learner will be considered for enrollment. Each registration will include a description of the School's dispute resolution process. Any learner that has been denied enrollment for failure to meet the School's Admission Requirements and Process may avail themselves to this process for reconsideration.

The School's personnel shall not inquire specifically about a learner's citizenship or immigration status or the citizenship or immigration status of a learner's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a learner's immigration status, such as a green card, voter registration, a passport or citizenship papers. Where any law contemplates submission of national origin related information to satisfy the requirements of a special program, School personnel shall solicit that documentation or information separately from the school enrollment process.

Pursuant to this policy and where permitted by law, the Director of the School shall enumerate alternative means to establish residency, age or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status or national origin, and that do not reveal information related to citizenship status or immigration status.

If the School solicits the last four digits of an adult household member's Social Security number to establish eligibility for a federal benefit program, the School shall explain the limited purpose for which the information is collected. It is the School's policy that a failure to provide this information will not bar the learner from enrolling in or attending the School, and such policy will be explained at the time the School asks for this information.

If the School has more enrollment interest forms for enrollment than available space, enrollment shall occur following the random public drawing as described below.

### **III. Preferences**

In the event that there are more learners applying for enrollment than available space, preferences shall be extended in the following order of priority:

- Pupils currently attending the School;
- Pregnant and Parenting Teens
- Siblings of existing learners
- Children of the School's employees and Board members (not to exceed 10% of the school's total population);
- Learners residing within the boundaries of the Acton Agua Dulce Unified School District.

### **IV. Enrollment Process and Guidelines**

The enrollment process will begin immediately upon obtaining Charter Status. There will be an open enrollment period each year, which will be advertised within the school community so that all interested learners may have an equal opportunity to apply for admission. The deadline for accepting enrollment interest forms will be clearly stated. When a parent, guardian or learner inquires about enrollment and before conducting an enrollment lottery, the School will provide a copy of the California Department of Education's notice including the notice requirements in California Education Code section 47605(d)(4).

The process for enrollment proceeds as follows, (not necessarily in the exact order provided):

- The School will determine class size/configuration for the school year;
- The School will solicit from current learners their intention to return the following year;
- The School will solicit from parents/guardians of current learners their intention to apply for admission for siblings of current learners;
- The School will solicit from founders and staff members their intention to apply for admission for their children;
- The School will design program informational materials;
- The School will plan one or more Information Open House Meetings/Tours (attendance at which is strongly encouraged for admission);
- The School will issue press releases and/or utilize other communication strategies
  - The School will actively recruit learners throughout the community;

- The School will host Information Open House Meeting(s)
- The School will schedule School Tours beginning the second year of the program (attendance at which is strongly encouraged for admission);
- The School will establish and hold an open enrollment period so that all interested learner may have an equal opportunity to apply for admission;
- The School will determine the number of returning learners at each level;
- The School will determine the number of new learners at each level;
- After the returning learners are placed, the School will hold a random public drawing, if necessary applying its identified preferences;
- The School will notify the families of the applicants who are accepted and rejected;
- Non-accepted families will be placed on the waitlist in the order in which the learners are drawn from the random public drawing. Children who complete the enrollment interest forms process after the published deadline will be added to the waitlist..

A waitlist is maintained for each school year. Once on the waitlist, a learner would remain in that position until they are offered a spot in the school or expresses no further interest. During enrollment, volunteers and paid employees return calls and answer questions from prospective families. If families from the waitlist are offered a position, they must accept that position within two business days or if they decline or fail to respond within three business days they may be removed from the waitlist or placed at the bottom of the waitlist if they desire.

## **V. Final Admission**

Once the learner has been enrolled, parents, guardians, education rights holders or learners will be required to provide proof of immunization status, date of birth, residency, examinations required by the Health and Safety Code, transcripts, copies of any IEPs and other learner records in order to complete the admissions process as described below.

In accordance with law, learners who qualify as homeless learners or foster learners may be admitted even if some of the above-referenced documents are not timely submitted.

No learner will be unconditionally admitted to attend workshops on campus unless the learner has been fully immunized as required by law or has a valid medical exemption on file.

No non-California residents will be admitted to the School. **For learners participating in Independent Study**, no learner who resides outside of the granting agency county or a county directly adjacent thereto will be admitted to the School, unless a legal exception applies.

Proof of full immunization or exemption from the requirement to attend workshops on campus;

Proof of health examinations required by the Health and Safety Code;

Proof of age with the registration for admission through documents such as the following: birth records, statements by the local registrar or a county recorder certifying the date of birth, baptism certificate duly attested, a declaration from the parent/guardian or a passport;

Proof of residency through documents such as the following: parent or guardian's drivers' license, ID card or DMV printout, a copy of a lease, utility bill or similar showing the address of the residence, etc., California tax returns giving California as the home address (within acceptable dates); car registration and/or car insurance; California health insurance or Medi-Cal ID;

If any information provided to by the parents/guardians could indicate immigration status, citizenship status or national origin information, the School shall not use the acquired information to discriminate against any learners or families or bar children from enrolling in or attending the School. If parents or guardians choose not to provide information that could indicate their children's immigration status, citizenship status, or national origin information, the School shall not use such actions as a basis to discriminate against any learners or families or bar children from enrolling or attending school;

# INTRODUCTION

Welcome to Empower Generations! You are part of a ground-breaking, innovative program designed to meet your child's individual needs and to foster in them a love of learning and the desire to be the leaders of the future.

Empower Generations' unique approach to the whole person and whole family allows learners to continue to pursue a high school diploma while navigating through new experiences including pregnancy and parenthood. The program offers flexible options such as credit recovery, online programs, one-on-one tutorials, regular advisory meetings, optional family seminars, and community internship and mentorship as part of a pathway to high school graduation and college and career readiness. We promote adaptability, self-confidence, autonomy and creativity through the development of social and emotional skills, communication skills, and problem solving skills. The educational program will promote respect, understanding, and appreciation of diversity in the school's multicultural environment.

The program includes three essential components:

- Personalized, Relevant, and Rigorous Learning
- Health and Wellness
- Internship and Community Mentorship

**The mission** of Empower Generations is to collaborate with learners in health and wellness, lifelong learning, college and career readiness, and community partnership. In doing so, learners become self-directed leaders, problem solvers, creators, collaborators, innovators, and active community members. We accomplish this through a rigorous, relevant, and attainable education program that blends independent study, community experience, and one-on-one support based on the Common Core Standards. We celebrate and foster learners' individuality, and support them in discovering their highest potential in the environment that best suits their needs.

Your experience as a parent at Empower Generations may also be different than what you have experienced at your previous schools. To make the transition a smooth one for your learner(s) and yourself, we encourage families to keep updated and informed about school events and parent programs. We encourage and depend upon our parents to be actively engaged both in and outside of their learner's classroom. You will work harder here as a parent, but your rewards will be tenfold. If you feel that you need support in any given area, please don't hesitate to ask for a meeting with your child's classroom facilitator, or another adult on campus that can advocate for you or your child. We work as a team in this environment and the only effective way to do that is to communicate and ask questions.

The Family Guidebook is designed to share Empower Generations' philosophy, expectations for learners and families, and other school information.

## OUR METHODOLOGY

### Project-Based Learning (PBL)

Over the past 100 years, the world we live in has radically changed. If we as a society are going to keep up, the way we educate our children must also change. Project-based Learning (PBL) is a teaching methodology that actively engages learners by challenging them to deeply investigate a personally interesting and complex question, problem or challenge. Then from this deep investigation, create and publically present something unique and original and authentic in response.

Project-Based Learnings' time has come. The experience of thousands of teachers across all grade levels and subject areas, backed by research, confirms that PBL is an effective and enjoyable way to learn – and develop

deeper learning competencies required for success in college, career, and civic life. Why are so many educators across the United States and around the world interested in this teaching method? The answer is a combination of timeless reasons and recent developments.

Through the PBL methodology, our learners develop the skills, aptitudes, and attitudes necessary to discover their own path and lead the way into the future. The development of rigorous, authentic projects helps learners bridge the gap between simply remembering instructions and becoming independent lifelong learners.

**PBL makes school more engaging for learners.** Today's learners, more than ever, often find school to be boring and meaningless. In PBL, learners are active, not passive; a project engages their hearts and minds, and provides real-world relevance for learning.

**PBL improves learning.** After completing a project, learners understand content more deeply, remember what they learn and retain it longer than is often the case with traditional instruction. Because of this, learners who gain content knowledge with PBL are better able to apply what they know and can do to new situations.

**PBL builds success skills for college, career, and life.** In the 21st century workplace and in college, success requires more than basic knowledge and skills. In a project, learners learn how to take initiative and responsibility, build their confidence, solve problems, work in teams, communicate ideas, and manage themselves more effectively.

**PBL helps address standards.** The Common Core and other present-day standards emphasize real-world application of knowledge and skills, and the development of success skills such as critical thinking/problem solving, collaboration, communication in a variety of media, and speaking and presentation skills. PBL is an effective way to meet these goals.

**PBL provides opportunities for learners to use technology.** Learners are familiar with and enjoy using a variety of tech tools that are a perfect fit with PBL. With technology, facilitators and learners can not only find resources and information and create products, but also collaborate more effectively, and connect with experts, partners, and audiences around the world.

**PBL makes teaching more enjoyable and rewarding.** Projects allow teachers to work more closely with active, engaged learners doing high-quality, meaningful work, and in many cases to rediscover the joy of learning alongside their learners.

**PBL connects learners and schools with communities and the real world.** Projects provide learners with empowering opportunities to make a difference, by solving real problems and addressing real issues. Learners learn how to interact with adults and organizations, are exposed to workplaces and adult jobs, and can develop career interests. Parents and community members can be involved in projects.

### **Not just knowing but also DOING**

*PBL allows learners to apply their learning in real-world scenarios.*

### **High levels of engagement**

*PBL gives learners a voice in their own education, activating their interest, which allows for greater and deeper learning!*

### **True learning**

*PBL allows us to teach, observe, and measure growth of marketable 21st Century skills such as communication, critical thinking, and collaboration.*

## **Focusing on your learner, not the curriculum, brings learning to life**

*PBL develops self-empowered learners who can analyze the world they live in, design a better tomorrow, and go create it!*

**\*What is PBL? and PBL Outcomes from [Buck Institute](#)**

## **Social and Emotional Learning (SEL)**

It takes more than book-smarts to be an effective leader in the 21<sup>st</sup> century. Today's leaders must possess the ability to successfully manage themselves and others. In the digital world we live in, these vital skills are becoming more and more scarce. If schools are not teaching them, we are not preparing our learners. **Social and Emotional Learning (SEL)** teaches learners to manage their emotions, resolve conflict, and make responsible and well thought out decisions.

Implementation and evaluation (assessment) of SEL has become an integral part of our approaches to teaching and learning through Project-Based Learning. Based on practices such as the [7 Habits of Highly Effective People/Kids/Teens®](#) (Stephen/Sean Covey) and [Character Lab®](#) aspects (Learner Outcomes), we measure and report SEL progress as part of every project, ILP (Individualized Learning Plan) goals, and Reports of Progress. We have also developed SEL and Academic Rigor rubrics that add a well-balanced approach to mindfulness and reflective practice for facilitators, learners, parents, and administrators.

Other elements of SEL implementation, practice and assessment include: Leader Led Conferences (LLCs); Presentations of Learning (POLs); Passion Projects; Individualized Learning Plans (ILPs); Advisory Program; Learner Driven Ambassador Groups and Class Greeters.

## **Advisory**

Learners have the opportunity to participate in advisory groups led by a highly qualified and supportive Advisors. These groups become an essential support system in the following areas, although not limited to: academic achievement, pregnancy/parenting, social/emotional growth, portfolio development, and internships. Advisory serves as a safe place to build trusting relationships, academic mindset, health and wellness, parenting skills, and 21st century skills.

## **CURRICULUM**

The research-based instructional approach of Project Based Learning at Empower Generations is differentiated to engage learners through hands-on, serious, authentic experiences across subject areas. This methodology allows facilitators to address learners' individual differences, variations in learning styles, intelligence and abilities. Rather than rely on any one series of books, textbooks or guides, we employ multiple materials, resources and strategies to best meet the needs of individual learners.

Curriculum is implemented with the following best practices in education:

### **Global Understanding**

21<sup>st</sup> Century learners are faced with the challenge of engaging in an increasingly interdependent world where knowledge is constantly developing and evolving. Rigorous curriculum covering global connectivity will give learners a sense of belonging in our ever changing world and prepare them to thrive in the global marketplace upon graduation and post-college. Exploring diverse cultures will give learners a positive attitude toward learning and greater understanding of the world around them.

### **Engaging Curriculum**

Our curriculum delivers the California content standards through relevant learning experiences that engage learners' interests as they discover underlying concepts and develop a deep understanding of subject matter.

Learners are active participants in meaningful exploration, engage in hands-on activities and experiences that build on their prior knowledge. Projects are used as a teaching tool to focus on higher order thinking and real world skills. We will encourage learners to apply their understanding in projects that gradually introduce more complexity, more learner-driven choice of topics and products. The goal is to foster self-motivation and self-directedness, as each learner discovers her or his unique strengths.

**Competency Based Education:** Competency education (also referred to as proficiency-based, mastery-based, or performance-based) is a structural reform that helps schools move from the traditional system. In a traditional system, huge gaps are created along learners' learning trajectories because they are generally passed onto the next grade even if they are not proficient. A shift to competency means the system is designed to ensure learners are learning, and they must demonstrate that learning before advancing to the next level. They are reliable because learners earn credits by demonstrating mastery, not by an A–F scale that allows learners to advance with variable amounts of skills and leaves many of them with large gaps in their proficiency of core subjects and knowledge.

Competency education builds upon standards to set a bar for what every learner should know and be able to do. It is important to have clear targets for learning based on standards, and to use time more flexibly, as needed, to achieve mastery of high standards. This is different from traditional schooling because rather than the amount of time per day, per subject, being fixed and the amount of learning being variable, competency education requires that learning at a high level and consistent expectation is the new bar.

**Empower Generation's competencies are listed below:**

### Multi-age Groupings/Cohorts:

Research supports environments with two or more grades that allow learners the flexibility to progress at their own pace along a continuum of achievement. As such, select grade levels at Empower Generations are multi-age environments/cohorts.

**Advisory:** Research shows that when learners feel connected to their school, they do better academically. One of the ways we achieve this with learners is through our advisory program. In small group settings, we explore the causes and effects of cultural, personal, and community events. Our primary learners participate in daily advisory meetings that provide an opportunity to witness and display social problem solving skills and interactions. These meetings provide learners with the forum to develop social and emotional skills needed to thrive in a collaborative environment.

### California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at [www.cde.ca.gov/re/cc/](http://www.cde.ca.gov/re/cc/) or [www.corestandards.org](http://www.corestandards.org). California's computer-based student testing system ties the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The assessments include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/). [EC 60119, 60604.5, 60615]

**California Healthy Youth Act:** The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education
3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act
4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants
5. Receive notice by mail or another commonly used method of notification fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year
6. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of:
  - a. The date of the instruction
  - b. The name of the organization or affiliation of each guest speaker

**English Learners Identification Notice:** State law requires that parents of English learners are to be notified annually if they are identified as one of the following: Long-term English Learner or English learner at risk of becoming a Long-term English Learner. The school coordinator for English Language Development will be sending these notices at the beginning of each school year.

## INDIVIDUAL LEARNING PLANS (ILPs) and LEARNER LED CONFERENCES (LLCs)

Each year, learners along with their facilitator(s) create an ILP to guide instruction. Each learner, along with their family and facilitator, work together to monitor the ILP and make adjustments, as needed. The primary goal of the ILP is to ensure that each child will be treated as an individual and therefore will be working toward attainable goals appropriate to their individual development.

Throughout the year, learners will review learning outcomes and set individual goals. They will learn to evaluate their progress toward those goals, starting at a basic level when they are younger and improving their ability to self-assess over time. Throughout the year, learners will meet with their facilitator and their parent(s) to look critically at what they have accomplished both in formal settings as well as at home with their families. At the end of the spring semester our learners will present their progress in the Learner Led Conference (LLC) Presentations.

Portfolio-based LLCs will help ensure that learners are accountable to themselves, their families, their teachers, and the school community as a whole. Additionally, the experience creates a powerful incentive for learners to develop their skills, through the communication of high expectations, public display of meaningful work, and opportunities to showcase talents in modalities that best suit learners' distinct learning styles.

## SECTION 3:

# DAILY OPERATIONS

### DROP OFF AND VALET PROCEDURES

Empower Generations offers a convenient valet drop off system. This is the safest and most efficient way to drop off your learner(s). We strongly encourage all families, regardless of the learner's grade level, to use the valet system.

In order to keep the learners and families safe before and after school, we ask that you follow these parking lot procedures when driving your child to the Empower Generations campus;

- Drive slowly and watch for families and children walking through the parking lot;
- Do not use your cell phone while driving in parking lot;
- Give your attention to driving and exiting safely;
- Primary Grade children should be accompanied through the parking lot by a parent or older sibling.

Please help us keep the valet line safe and efficient by following these guidelines:

- Have your child seated so that they can exit quickly.
- Be prepared- have your child ready to exit with backpack/school work/ lunch in hand.
- Please pull forward and wait for a valet attendant before exiting the vehicle.
- Make sure your child has exited safely and all volunteers are at a safe distance away from your vehicle before you drive away from the valet drop off area.
- If you need to get something out of your trunk, please park in the parking lot.

For a map and more information please visit our website at <https://empowergenerations.org>

### ATTENDANCE

We try to make every minute of school engaging for the learners, and our expectation is that all learners will be at school and/or completed on time and for the entire course of the school day. Learners arriving late could miss important beginning of the day information that is relevant to their education.

Upon enrollment, learners will receive a school identification card. Learners are required to have their school identification card to enter campus. Learners must scan their cards when they arrive and leave campus.

Attendance records are based on a learner's work within the terms and conditions of his or her written master agreement and not on traditional "seat-time." Daily attendance tracking is required and measured by work completion and recorded for each Learning Period in an academic year.

### Absence

If your child is going to be absent, please email [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org) on the morning of the first day of the absence. You may leave a voicemail message when the office is closed.

Empower Generations urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. Empower Generations also asks that

travel or other absences be avoided during the time school is in session. The higher the school's daily attendance rate, the more a learner will learn and the greater the amount of funding that the school will receive from the state for classroom instruction, and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize learner absences.

Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

## **INADEQUATE PROGRESS**

Inadequate Progress, established by this policy, occurs when the learner fails to attend one learning period meeting, fails to complete at least 75% of work assigned for one learning period, and/or accumulates 20 absences due to insufficient work completion and/or engagement as evaluated by the facilitator. This is referred to as "Inadequate Progress." Learners making Inadequate Progress are considered to be truant.

### **Truancy**

Per California Education Code Section 51747, the governing board of Empower Generations Charter School maintains this board policy establishing the number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interest of the student to remain in independent study.

Consequences for truancy may include interventions (both academic and social emotional) and/ or disciplinary action, including referral for an Evaluation (defined herein below) as deemed necessary by the school director or designee. Prior to determining the need of an evaluation the school will make every effort to contact learner's and families by phone, email, or in person meetings to determine interventions needed for success. In addition, Empower Generations will not dis-enroll pregnant or parenting learner when they leave on their maternity/paternity leave, and will mark them with an excused absence, or some designation that does not result in the learners being identified as truant, on the days that the students are on maternity/paternity leave as per guidelines of leave in California EC Sections 221.51, 222.5 and 46015.

### **Evaluation After Truancy**

After the learner meets the criteria for truancy, an evaluation will be conducted by school administration including the learner's supervising teacher to determine whether it is in the best interest of the learner to remain enrolled in independent study (herein referred to as the "Evaluation"). The Evaluation may include items as outlined on the learner's Master Agreement, but is not limited to the review of the following:

- 1) Attendance based on completion of assigned work and daily engagement as quantified by the supervising teacher
- 2) Learner's demonstration of adequate and appropriate progress toward Common Core State Standards due to lack of engagement or insufficient work completion
- 3) Attendance at scheduled school appointments
- 4) Appropriate learning environment
- 5) Parent/guardian(s) ability to monitor learner learning in the home

As part of the Evaluation process, the learner, parent(s), guardian(s) or if the learner is a foster child or youth or a homeless child or youth, the learner's educational rights holder (all generally referred throughout as "Parent(s)") will be invited to present evidence to the individual or individuals conducting the Evaluation. During

the Evaluation, the School will determine whether it is in the best interests of the learner to remain in independent study. A written record of the findings of any evaluation made pursuant to this subdivision shall be maintained in the learner's mandatory interim record.

#### **Additional Consideration for Students with a Section 504 Plan or IEP:**

If the School recommends removal from independent study as a result of the Evaluation and the learner has a Section 504 Plan or IEP, the Charter School shall schedule an IEP meeting or Section 504 meeting (as applicable) following applicable legal timelines, to determine the following:

- 1) Whether the Inadequate Progress (e.g. missed assignments) was caused by or had a direct and substantial relationship to the learner's disability
- 2) Whether the Inadequate Progress (e.g. missed assignments) was the direct result of the School's failure to implement the IEP or Section 504 Plan, as applicable

If the answer to either (1) or (2), above, is yes, then the Inadequate Progress is a manifestation of the student's disability and the School will follow applicable state and federal laws to ensure that the learner is offered a free appropriate public education. If the answer to either (1) and (2), above, is no, then the learner may be removed from independent study consistent with this policy. This meeting may be combined with the Evaluation at the discretion of the School.

#### **Notice of Decision and Opportunity to Request a Hearing Prior to Removal**

Once the Evaluation is complete, if it is determined that it is not in the best interest of the learner to remain enrolled in the independent study program, the Parent(s) shall be notified in writing of the School's intent to remove the student as it is not in their best interest to remain in independent study (hereinafter referred to as the "Notice"). The Notice shall be in the native language of the Parent(s) and provided no less than five (5) school days before the effective date of learner's removal. The Notice shall include the following:

- 1) The School's intent to remove the learner as it is not in their best interest to remain in independent study.
- 2) The opportunity of the Parent(s) to request a hearing that follows the same procedures as the School uses for expulsions. Parent(s) (or the learner if over 18) must submit the request for hearing in writing and the request must be received by the School within five (5) calendar days from the date of the Notice.
- 3) If Parent(s) or learner over 18 requests a hearing:
  - a. It will be scheduled following the School's expulsion hearing procedures as outlined in the School's approved charter.
  - b. The learner shall remain enrolled and shall not be removed until the School issues a final decision.
- 4) If no hearing is requested, the learner shall be removed from the charter school on the date listed on the Notice. The learner's district of residence will be notified of the removal.

The learner and/or parent(s) will receive a copy of the Notice.

#### **Excused Absences**

Pupils, with the written consent of their parents or guardians, may be excused from school in order to participate in religious exercises or to receive moral or religious instruction. No pupil shall have their grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

(a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

- (1) Due to their illness.

- (2) Due to quarantine under the direction of a county or city health officer.
- (3) For the purpose of having medical, dental, optometric, or chiropractic services rendered.
- (4) For the purpose of attending the funeral services of a member of their immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- (5) For the purpose of jury duty in the manner provided for by law.
- (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
- (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
- (9) For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in EC 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
- (10) For the purpose of attending the pupil's naturalization ceremony to become a United States Citizen.
- (b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- (c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- (d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- (e) "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

## **Illness**

Any child who becomes ill while at school will be taken to the Health Office and parent(s) will be called to pick up the sick child. Please note that your child needs to be fever free for 24 hours before returning to school.

If your child needs to take prescription medication on a temporary or permanent basis while at school, an authorization to administer medication must be on file at the school.

## **High School Class Enrollment**

All learners enrolled in grades 9th-12th must be enrolled in a minimum of four classes with the school to maintain full time enrollment.

# **LEARNING PERIODS AND WORK SAMPLES**

## **High School Class Enrollment**

All learners enrolled in grades 9th-12th must be enrolled in a minimum of four classes with the school to maintain full time enrollment. Learners may additionally be concurrently enrolled in a junior college program with proper paperwork completed by college personnel and by the school director.

## **Description**

Learners must participate in regularly scheduled, mandatory learning period (LP) meetings approximately every instructional 20 days (near the end of each learning period). Meeting frequency is subject to California Education Code. At these meetings, the Guide will review work samples and the body of work will be presented by the learner. If an emergency arises, the family will communicate with the Guide to reschedule the missed meeting as soon as possible. During learning period meetings with the Guide, the learner will showcase, discuss and provide work assignments from each enrolled course such as projects, writings, clear photos/videos and other items that allow the learner to demonstrate learning experiences.

## **Activity Log (Attendance)**

Learners will confirm their educational activities by saving activity logs on the last day of each learning period. Guides will provide direct instructions and reminders each month to help make the process clear and simple for families.

## **Unit Log**

Learners must complete unit logs for each learning period. The unit log will contain instructional units for each course in which the learner is enrolled. Grades for the units/assignments will be included in the log. The learner must fill out the log and submit it to the Guide prior to each learning period meeting. If necessary, Guides are available to assist in completing the logs.

## **High School Samples**

At each learning period meeting, the Guide will collect one sample per course listed on the master agreement. The Guide will review the samples at the learning period meeting to ensure academic progress and that the learner will fulfill the semester requirements. All work samples must:

- ☐ Include the learner's first and last name
- ☐ Show an accurate evaluation letter grade (A, B, C, D, F)
- ☐ Include the class name (i.e. English 10A, Geometry B)
- ☐ Correlate to a unit listed on the unit log for that learning period
- ☐ Reflect a unit based on the course guideline

Some examples that can be used to build portfolios include:

- ☐ Essays (creative, narrative, research, poetry, etc.)
- ☐ Writing about topics in the core content areas (such as history) that demonstrate knowledge of the content as well as the writing process
- ☐ Projects such as slideshows or videos with the slides and notes printed
- ☐ Photos of projects created that include a detailed explanation of the learning
- ☐ Lab write ups of science experiments with photos demonstrating the steps of the experiment
- ☐ Projects that involve solving math problems
- ☐ Speeches and presentations of learning

If the Guide determines additional samples are needed to demonstrate progress and learning in specific areas, the Guide may request that the learner provide additional samples or revise work that has already been submitted.

## **MASTER AGREEMENTS**

The state requires independent study programs to create a detailed course agreement between the learner, parent/guardian, and the Guide. This agreement is called the Master Agreement, and it must be completed and signed by the credentialed teacher, parent/guardian, and learner, and Educational Specialist (as needed) at the beginning of the year or on the learner's start date (if transferring to iLEAD after the school year has started). The Master Agreement will list all courses for the academic school year for each learner.

### **Master Agreement Addendum**

In specific instances, such as a course change, a master agreement addendum must be signed by the Guide, learner, and parent in order to reflect the change.

### **Course Load**

Learners must be enrolled in four to seven courses per semester. In order to fulfill the credits necessary for graduation, it is recommended that learners take about six courses each semester. Dual enrollment courses may count toward the four minimum classes but must be listed on the Master Agreement. Prior approval is necessary for more than seven courses listed on the Master Agreement.

### **Incomplete Grade**

A grade of "I" (Incomplete) is a temporary grade which may be assigned at the end of a term for learners who have requested and received approval for a course extension. All course extension requests must be submitted to the academic counselor two weeks prior to the end of the term and are only granted for emergency health or family circumstances. This grade may be made up to a passing grade within the approved course extension time frame. The "I" (Incomplete) will be changed to an "F" (Failing) if work is not satisfactorily completed within the agreed upon time frame.

## **SCHOOL LUNCH PROGRAM**

Empower Generations offers a school lunch program. Free meals are served to all learners on campus. For more information on the program and meal charge policy, please see the Empower Generations website at <https://empowergenerations.org>

## **TRANSPORTATION**

Empower Generations does not provide transportation. Families need to arrange their own transportation to and from campus/studio. Field Studies participation includes transportation details and are arranged on a per field study basis. Please see individual Field Study documentation for further information.

Prior to departure on a school activity trip, all learners riding on a school bus or school activity bus shall receive safety instruction that includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.

## **ANTELOPE VALLEY LIFE TRANSIT PROGRAM**

Empower Generations has partnered with the LIFE Program to qualify families to receive discounted bus rides with AVTA. Upon qualifying for the program, discounted passes can be purchased with your TAP cards. If you are interested in obtaining a TAP card, please contact [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org)

## **LOTTERY GUIDELINES**

As a charter school, Empower Generations is a school of choice, and may have more learners interested in attending the school than there are spaces available. If the number of learners who wish to attend the school exceeds the openings available, entrance shall be determined by single random public drawing in accordance with Education Code §47605(d)(2) and all federal requirements.

## SECTION 4:

# LEARNER CONDUCT

### EXPECTATIONS FOR SCHOOL BEHAVIOR

Empower Generations strives to present our learners with opportunities that exceed those available at most traditional schools. Our learners also accept a sense of responsibility that in many ways exceeds that which is expected at a traditional school. We expect each learner to do their best, both academically and behaviorally. If there's a problem, we personally speak with the learner, discuss the options for making good decisions, set appropriate consequences, and strive to help the learner internalize the importance of taking responsibility for their own learning and behavior. As a framework for this, we have expected learning results.

At Empower Generations we utilize **Love and Logic®** to embrace each learner's uniqueness while modeling and expecting appropriate behavior. Our Empower Generations expectations for school behavior are:

- I will do nothing to harm myself or others
- I am responsible for my behavior
- We are each other's keepers
- I take pride in myself and in my work
- I will leave it better than I found it.

At the beginning of the school year, and at intervals throughout the year, we discuss these goals and principles with the learners, come to a common understanding of what they mean and why they are important, and then help our learners to incorporate them into their daily lives.

Parents are encouraged to participate in the Love and Logic® courses offered at Empower Generations throughout the year.

### CONSEQUENCES

In addition to Love and Logic, our school focuses on Restorative Practices. This is an approach to resolving conflict and is used for preventative measures. Restorative Practices refer to a range of approaches including talking circles and peer mediation and utilizes strategies to rebuild relationships.

There are age appropriate consequences for not adhering to the behavior guidelines. Along with the Restorative Practice approach, family and staff will work together to make decisions that are in the best interest of the child. The following are examples of consequences that allow flexibility for individuals and varying situations.

- **Warning and reminder:** This may take place in or out of the classroom.
- **Reflection time:** This allows children to cool off and the situation to diffuse before it becomes a larger issue. A reflection time may take place in the office or outside of a classroom.
- **A respectful, related consequence:** This step allows the flexibility for a child or adult created consequence. For instance, if a child wrote on a table, the consequence may be to clean the tables.
- **A disciplinary referral to the office:** This consequence reflects the seriousness of the situation. At this time, the learner will meet with an administrator, describe what happened, what she or he could

have done differently, and what could be changed at the school that could prevent this from happening again.

- **Suspension/parental supervision** : The child would not be allowed to attend school. This would include extra-curricular activities during the suspended time period.
- **Emergency Removal**: See *Emergency Removal* section on the next page.

## SUSPENSION/EXPULSION PROCEDURES

Rules of suspension and expulsion must follow due process mandates. They are stated below.

### Suspension

- The school administrator or administrative designee can suspend a child.
- No suspension shall exceed five (5) school days.
- The administrator must directly contact the parent/guardian regarding the learner suspension and reasons why.
- The learner must be given the right to appear at a conference before the Administrator. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against them, and shall be given the opportunity to present their version and evidence in their defense.
- A written notice of suspension must be sent or given within one school day to the parent, guardian, or custodian of the learner. The notice must contain the reasons for the suspension and the right of the learner to appeal the suspension.
- A parent/guardian has the right to appeal the suspension, which must be submitted, in writing, to the Administrator within fourteen (14) calendar days of the written notice of suspension. The Administrator shall immediately forward this written appeal to the appeals officer assigned by iLEAD Education as the Board of Director's designee.

Note: A learner under a suspension shall have the right to make up all academic work missed. From the day they return to school, the number of days given to accomplish this make-up work shall equal the number of suspension days.

### Expulsion

- Only the School Director can recommend expulsion. EDN 48900
- The School Director may grant an extension of time. If granted, the Administrator must notify all parties, in writing, of the new time and place for the meeting.
- The written notice is to include reasons for the recommended expulsion.
- The learner and parent must have an opportunity to appear, on request, before the school Administrator to challenge the recommendation for expulsion, or to otherwise explain the learner's actions that led to the intended expulsion.
- The parent/guardian may be given the opportunity to withdraw the learner before a decision to expel takes place. It should be noted, however, that when such learner is withdrawn, the expulsion process must continue to be followed to its conclusion
- Only the governing board may make the decision to expel a learner. Following that decision:
- The letter of expulsion is sent.
- Within one (1) school day, the Administrator shall notify the Registrar, in writing of the decision to expel.
- The parent/guardian has the right to appeal the expulsion, which must be submitted, in writing, to the school Administrator within fourteen (14) calendar days of the written letter of expulsion. The Administrator shall immediately forward this written appeal to the appeals officer assigned by iLEAD Education as the Board of Director's designee.

## **EMERGENCY REMOVAL**

The school Administrator may perform an emergency removal of a learner from curricular or extracurricular activities or from the grounds if a learner's presence poses a threat and/or danger to any person or property, or if the learner's presence poses an on-going disruption to the educational process. This removal may be done without immediate notice or hearing.

If the removal leads to a suspension any learner so removed shall be given written notice and provided with a hearing within three (3) school days after removal as defined in the Suspension section of this Handbook. If it is probable that the learner is going to be recommended for expulsion, the expulsion process shall be conducted in accordance within the Expulsion section of this Handbook.

## **STUDENT SEARCH**

The school director or administrative designee may search the person of a learner, the learner's locker, backpack or purse if there is a reasonable suspicion to believe the learner may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: New Jersey v. T.L.O. (1985) 469 U.S. 325]

## **ELECTRONIC NICOTINE DELIVERY SYSTEMS (E-CIGARETTES)**

The School District prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Learners using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code.

## **RELEASE OF LEARNER TO PEACE OFFICER**

If an Empower Generations official releases your learner from school to a peace officer for the purpose of removing them from the school premises, the school official shall take immediate steps to notify you or a responsible relative of your learner, except when a learner has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

## **PARENT RESPONSIBILITY**

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children, which result in death or injury to other learners, school personnel, or school property. Parents are also liable for any school property loaned to the learner and willfully not returned.

If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. [EC48900.1]

## **Plagiarism**

Empower Generations takes plagiarism seriously. In most situations, a learner just needs instruction to know how to cite documents correctly to avoid directly taking credit for another writer's work. To help learners cite

documents appropriately, families are encouraged to use online programs like Citation Machine. If a Guide suspects that writing has been plagiarized, an online program will be used to determine the percentage of plagiarized material. If plagiarism is discovered, the learner will be given a zero for the assignment. Repeated offenses will result in the need for an Academic Honesty Contract and a follow up meeting to determine if independent study is an appropriate placement for the learner.

## **SECTION 5:**

# **TECHNOLOGY**

## **ELECTRONICS**

Cell phones, tablets, and other electronic items are often used for instructional practices. We are guiding our learners in appropriate use of technology, helping them to make appropriate choices concerning these items. We realize that many parents give their children cell phones for safety and convenience. We ask that learners limit use of the phones during the school day to academic purposes only. Families may contact their child in an emergency situation by calling the school office and learners may use cell phones or school phones to contact families in an emergency. Learners should respect their facilitator's requests regarding appropriate time to use technology. Should technology disrupt the learning environment or if used inappropriately, parent/guardian will be notified and cell phones or other devices will be stored in a safe place and returned to the learner at the end of the school day. Continuous misuse of technology will result in consequences.

## **INTERNET USAGE**

Empower Generations computers have access to the Internet. The school works diligently to protect our learners from inappropriate content. The Empower Generations staff work closely in training our learners as to the appropriate use of the Internet. Before using the Internet, parents and learners should read the following "Network Use Guidelines." All parents and learners must also sign a Student & Parent/Guardian Network Responsibility Contract.

## **NETWORK USE GUIDELINES**

Please read the following carefully. This will give you information about the privileges and responsibilities of using the Internet as part of your educational experience. The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual people.

Learners will have access to:

1. Electronic mail (e-mail) communication with people all over the world.
2. Information and news from a variety of sources and research institutions.
3. Public domain and shareware software of all types.
4. Discussion groups on a wide variety of topics.
5. Many university libraries, the Library of Congress, and more!
6. Educational Software

Giving our learners the skills to thrive in the 21st Century means giving them access to technology. With computers as part of every classroom curriculum, Empower Generations uses very strong guidelines for Web usage and Internet security. We comply with the level of security that the Children's Internet Protection Act requires. While we have filters at the network level for inappropriate Websites, there are still instances when those Websites can come through. Please be assured that Empower Generations remains committed to restricting the use of such Websites.

Our school is taking reasonable precautions to restrict access to "harmful matter" and to materials that do not support approved educational objectives. However, on a public network it is impossible to control all materials. "Harmful matter" means matter that, taken as a whole by the average person applying contemporary statewide

standards, describes in a patently offensive way material which lacks serious literary, artistic, political, or scientific value for minors (Penal Code, section 3 13).

The facilitators/staff will choose resources on the Internet that are appropriate for classroom instruction and/or research for the needs, maturity, and ability of their learners. Empower Generations takes no responsibility for the accuracy or quality of information from Internet sources. Use of any information obtained through the Internet is at the user's risk.

The purpose of schools having access to the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. The use of the internet must be in support of education and research and consistent with the educational objectives of Empower Generations.

Transmission of any material in violation of any federal or state law is prohibited. This includes, but is not limited to, the distribution of:

1. Any information which violates or infringes upon the rights of any other person.
2. Any defamatory, inappropriate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material.
3. Advertisements, solicitations, commercial ventures, or political lobbying.
4. Any information which encourages the use of controlled substances or the use of the system for the purpose of inciting crime.
5. Any material which violates copyright laws.
6. Any vandalism, unauthorized access, "hacking," or tampering with hardware or software, including introducing "viruses" or pirated software, is strictly prohibited.
7. The use of the Internet is a privilege, not a right, and inappropriate use will result in cancellation of these privileges.

## **NETIQUETTE (Network Etiquette)**

The use of the Internet requires that you abide by accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not send abusive messages to anyone.
2. Use appropriate language. In all messages, do not swear or use vulgarities or any other inappropriate language. Anything pertaining to illegal activities is strictly forbidden.
3. Maintain privacy. Do not reveal the personal address or phone numbers of yourself or other persons. Before publishing a learner's picture, first name, or work on the Internet, the school must have on file a parent release authorizing publication.
4. Respect copyrights. All communications and information accessible via the network should be assumed to be the property of the author and should not be reused without their permission.
5. Do not disrupt the network. Do not use the network in a way that would disrupt the use of the network by others.
6. Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem, you must notify Empower Generations.

7. Vandalism will result in cancellation of privileges. This includes, but is not limited to, the uploading or creation of computer viruses.

## **SUPERVISION AND MONITORING**

School and network administrators and their authorized employees monitor the use of information technology resources to help ensure that uses are secure and in conformity with this policy. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline or security of any learner or other person, or to protect property. They may also use this information in disciplinary actions, and will furnish evidence of crime to law enforcement.

## **CYBERBULLYING**

iLEAD Schools provides learners with instruction, in the classroom or other educational settings, that promotes communication, social skills, and assertiveness skills and educates learners about appropriate online behavior and strategies to prevent and respond to bullying and cyberbullying. School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Parents/guardians, learners, and community members also may be provided with similar information.

Any learner who engages in cyberbullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline in accordance with school policy. If the learner is using a social networking site or service that has terms of use that prohibit posting of harmful material, the School Director or designee may also file a complaint with the Internet site or service to have the material removed.

## SECTION 6:

# HIGH SCHOOL

### GENERAL OVERVIEW

Empower Generations is a strong proponent of competency based education through passion-based learning and the development of 21st century skills to pursue lifelong endeavors. The high school program enables families to work closely alongside with school staff to determine the high school path that best aligns with each learner's academic and vocational goals.

### GRADUATION REQUIREMENTS

For project-based, internship, and collaborative learning, guides will use Common Core-aligned and Competency-based rubrics to assess learner work. Content proficiency is communicated through a combination of portfolios, Presentations of Learning, benchmark assessments, self-reflection, and state assessments. Learners will be consistently identifying new goals for themselves, and working toward those goals at a steady, self-determined pace. These assessments ensure high expectations for all learners, in accordance with CA and Common Core standards, and learner IEPs, where applicable.

Empower Generations offers several paths to fulfill graduation requirements. A collaborative effort between the learner, family, and high school staff will direct, support and encourage the learner on their graduation path.

#### UC/CSU A-G Path

California State University and the University of California school systems have established seven admission requirements labeled A-G. Learners who are planning on directly attending a University of California (UC) or California State University (CSU) are required to complete these specific [UC Admissions Requirements](#) during their high school experience. This track requires 230 credits to graduate. More information on the A-G requirements can be found on the [University of California website](#). A-G courses are approved by the UC system. A list of Empower Generations currently approved A-G courses may be found in [UC Doorways](#).

#### Basic Path

Learners in special circumstances may qualify for reduced graduation requirements and be placed on the basic graduation path according to the California State Graduation Requirements. This path requires 180 credits to graduate and requires administrative approval.

#### Exemptions

Under Ed. Code 51225.1, the following learners may be exempted from Empower Generation's graduation requirements under specific circumstances:

- Foster Youth
- Homeless Youth
- Former Juvenile Court Youth
- Children of Military Families
- Migrant Youth
- Newcomer Youth

Should a learner in one of the above groups meet the requirements under EC 51225.1, school counselors will work with the learner who will either choose to:

- Complete a 5th year at Empower Generations in order to meet Empower Generations diploma requirements, OR
- Complete the Empower Generations Graduation Requirement Exemption waiver to become eligible for a diploma under California's minimum graduation requirements.

## Golden State Seal

The Golden State Seal Merit Diploma (GSSMD) insignia is awarded jointly by the State Board of Education and the State Superintendent of Public Instruction to recognize students who have demonstrated mastery of

the high school curriculum in at least six subject areas. Learners who are eligible for the GSSMD will automatically receive one upon graduation. The insignia will be placed on the learner's official transcripts and diploma.

### **Biliteracy Seal**

The State Seal of Biliteracy (SSB) is a recognition conferred by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English. Learners who are eligible for the seal will automatically receive one upon graduation. The insignia will be placed on the learner's official transcripts and diploma.

## **CAREER AND TECHNICAL EDUCATION (CTE)**

Career Technical Education (CTE) is an opportunity for high school learners to gain exposure and experience in careers in which they are interested. Learners will take courses and work with industry professionals to gain the knowledge and skills needed for entry into further training and career opportunities in the chosen industry sector. This work will set them on the path toward certifications, preparation for college majors, and experience for the workforce. CTE pathways are a 3 year commitment culminating in a capstone course project. CTE programs will offer additional college and career counseling, extra curricular opportunities, and work-based learning and internship experiences through each course in the 3-year pathway.

The following Career and Technical Education pathways are available for the 2022-2023 school year:

-Entrepreneurial Development

Additional offerings may be available through the local community college. Contact [brian.moody@empowergenerations.org](mailto:brian.moody@empowergenerations.org) for more information.

## **HIGH SCHOOL ADVISEMENT**

### **School Counselor**

School Counselors serve high school learners in the areas of academic, college and career, and social emotional. School counselors partner with the learner and family to guide course selection and ensure the completion of all graduation requirements in alignment with future college and career goals. School Counselors are available to conduct regular graduation checks and provide necessary support to prepare learners for life after graduation.

### **College and Career Planning Tools**

Empower Generations has partnered with Scoir for college and career planning.

- **Scoir:** Scoir is a college search and exploration tool which allows learners to find and connect with thousands of colleges. Scoir offers virtual tours and videos, tracks deadlines and testing requirements, and allows quick access to the college advisor for pressing questions.
- **College Admissions/Planning:** School counselors and staff provide support for learners and their families assistance with college planning and application process.

# HIGH SCHOOL POLICIES AND PROCEDURES

## Transcripts

- **Requests:** Transcript requests (unofficial and official) can be made [brian.moody@empowergenerations.org](mailto:brian.moody@empowergenerations.org)
- **Concurrent Enrollment:** Learners must request official transcripts from the college for final grade assignments when they participate in concurrent enrollment. Learners are assigned an incomplete grade until the official transcript is received from the community college.

## Course Load

Learners must be enrolled in at least four courses per semester. In order to fulfill the credits necessary for graduation, it is recommended that learners take six to seven courses each semester.

## Add/Drop Deadlines

Using the following guidelines, learners may drop a class and/or add a replacement class:

DEADLINES		
	Fall 2022	Spring 2023
Add	5 days within workshop cycle start	5 days within workshop cycle start
Drop without a "W"	10 days within workshop cycle start	10 days within workshop cycle start
Drop with a "W"	15 days within workshop cycle start	15 days within workshop cycle start
Drop with a "WP" or "WF" ( <i>Withdrawal Pass, Withdrawal Fail</i> )	20 days within workshop cycle start	20 days within workshop cycle start

## Incomplete Grade

A grade of "I" (Incomplete) is a temporary grade which may be assigned at the end of a term for learners who have requested and received approval for a course extension. This grade may be made up to a passing grade within the approved course extension time frame. The "I" (Incomplete) will be changed to an "F" (Failing) if work is not satisfactorily completed within the agreed upon time frame.

## Course Extensions

Course extensions of up to 10 days may be granted by school staff. If the learner does not complete the course

within the time period allotted, the actual grade earned for the coursework completed (points earned/points possible) will appear on the learner's transcript.

## Math Placement

In compliance with board policy, all incoming freshmen will be assessed within the first month of instruction and learners and/or parent/guardian may request a reassessment if questions the pupil's placement results. Learners and/or parent/guardian may request reassessment in writing.

Subjective measures, such as placement recommendations, made by guides and school counselors with knowledge of the learner's talents and abilities not measured by objective data, will only be used to advance a learner to a high mathematics class than objective data indicates.

## Academic Honesty

The school expects learners to practice Academic Honesty by doing their own work and succeeding in school by their own efforts. Academic dishonesty includes using someone else's answers, writings, or ideas and submitting the work as their own. It also involves using answer keys, teacher's editions, the internet and/or a mobile device to find answers without permission. Additionally, providing answers or allowing someone to use their work is not allowed.

For any learner caught plagiarizing (copying) the writings or ideas of another, providing work for another to copy, or cheating by any other means, disciplinary actions will be taken as deemed appropriate by the facilitator and/or School Director or designee to help support growth and prevention of future plagiarism activity.

## Grading Scale

Assignments will be reviewed and evaluated by the course facilitator. Report of Progress grades are provided at the end of the semester grading period. High school grades are based on evidence of the learner's progress shown through learner work and assessments. Insufficient, weak, late or missing assignments will affect the learner's grades.

GRADE SCALE			
Letter Grade	Standard GPA	Honors/AP GPA	Dual Enrollment
A	4.0	5.0	5.0
B	3.0	4.0	4.0
C	2.0	3.0	3.0
D	1.0	N/A	N/A
F	0.0	N/A	N/A

## Grade Appeals

Grade appeals must be requested within two weeks after issuance of reports of progress. The learner (or parent/guardian if under age 18), wishing to appeal a final grade in a course must submit a written grade appeal request to their course facilitator and counselor. The learner will be required to re-submit any past completed assignments where re-evaluation is requested. The course facilitator will respond to the learner's questions in writing. If the learner/guardian is not satisfied, they may request an evaluation of the identified course grades by the High School administrator or designee. The High School administrator's or designee's

decision is considered final.

## **Work Permits**

Learners interested in employment under the age of 18 who have not passed the CHSPE are required to obtain a school issued work permit. Work permits are contingent upon good academic standing and attendance. Learners on academic probation are not eligible for a work permit (EC§49130). Download the B1-1 Form from the [CDE website](#) and have the employer complete the workplace information. Return the signed form to the School Counselor. Please note that the school maintains the right to withdraw work permits based on academic standing or violation of school policy.

## **Entertainment Permit**

An application for permission to work in the entertainment industry is conditional upon satisfactory school attendance and academic performance. To request permission, download the [DLSE-277](#) form and complete the personal information but do not sign until the approved form is returned in the mail. Forward the form to the School Counselor. Once returned to the family from the school, please sign the form and return it to the Labor Commissioner. Please note that the school maintains the right to withdraw work permits based on academic standing or violation of school policy.

## **High Schoolers Age 18+ Concurrent Enrollment**

To remain enrolled at Empower Generations, learners turning 18 who attend community college courses must continue to submit special admit forms to obtain signatures prior to registration. It is the family's responsibility to obtain the special admit form directly from the community college.

## **High Schoolers Age 18+ Privacy Policy**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents/guardians certain rights with respect to their children's education records until they are age 18. For more information on FERPA, visit the U.S. Department of Education's website at: <http://www2.ed.gov/policy/gen/guid/fpc/ferpa/index.html>

## **Educational Rights for Adult Learners**

Once a learner turns 18, the learner has the legal ability to be the sole educational decision maker for themselves. Nothing prevents an educational agency or institution from disclosing education records, or personally identifiable information from education records, to a parent without the prior written consent of an eligible student if the disclosure meets the condition. (e.g. if learners are dependents of the parents under IRS tax codes or for a health or safety emergency). Please reach out to [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org) to request all educational rights to be transferred to the learner as an adult learner.

## **CAL Grant Program**

A Cal Grant is money for college that does not have to be paid back. To qualify, a learner must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist learners apply for financial aid, all learners in grade 12 are automatically considered a Cal Grant applicant and each grade 12 learners's GPA will be submitted by the October 1 deadline to the California

Student Aid Commission (CASC) electronically by a school. A learner, or the parent or guardian of a learner under 18 years of age, may complete a form to indicate that he or she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent or guardian may opt out the learner. Once a learner turns 18 years of age, only the learner may opt himself or herself out, and can opt in if the parent or guardian had previously decided to opt out the student. Notification regarding CASC and the opportunity to opt out of being automatically deemed a Cal Grant applicant will be provided to all learners and their parents or guardians by January 1 of the students' 11th grade year.

## **Federal Aid**

Under state law, school districts are to ensure that learners prior to entering 12th grade are entitled to information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application at least once. This information should be available in a timely manner as financial aid is awarded in order of submission according to deadlines, on a first-come, first served basis. All family and student personal information will be protected according to state and federal privacy laws and regulations. Families will receive timely email notifications with necessary resources and support. In addition, weekly College and Career office hours will be available to families to assist them with the application process.

## **Education of Homeless Youth: Right to Apply for Financial Aid**

Learners experiencing homelessness have a right to apply for financial aid to seek education beyond high school. Every charter school must appoint a homeless liaison to assist learners and families. Please contact: [malaka.donovan@empowergenerations.org](mailto:malaka.donovan@empowergenerations.org) for more information on services and policies related to homeless education rights.

## **California High School Proficiency Exam**

The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency is equivalent to a high school diploma; however, it is not equivalent to completing all course work required for regular graduation from high school. Pupils planning to continue his or her studies in a college or university should contact the admissions office of the institution to find out if the Certificate of Proficiency will meet admission requirements.

A pupil is eligible to take the CHSPE only if he or she meets one of the following requirements on the test date: 1) is at least 16 years old; 2) has been enrolled in the tenth grade for one academic year or longer; or 3) will complete one academic year of enrollment in the tenth grade at the end of the semester during which the CHSPE regular administration will be conducted. A fee for each examination application shall not be charged to a homeless or foster youth under the age of 25. For more information, including administration dates and registration deadlines, visit the following website: <http://www.chspe.net/>.

## **Educational Equity: Immigration and Citizenship Status**

The Equity in Higher Education Act, states that all persons, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic such as hairstyles, equal rights and opportunities and adds this opportunity to apply for financial aid for higher education to also be equitable, and an application may not be denied of a student based on their immigration status. This does not guarantee any final eligibility, but simply an ability to apply for financial aid just like any other student, without discrimination.

## COLLEGE TESTING

To learn more about college admissions testing requirements, visit [www2.calstate.edu/apply](http://www2.calstate.edu/apply), [fairtest.org](http://fairtest.org), or [admission.universityofcalifornia.edu/](http://admission.universityofcalifornia.edu/).

### College Entrance Examination Board (CEEB) Code:

Learners taking college entrance exams will be asked to report their school's CEEB code. Learners should have CEEB code 050192 on hand on the day of testing.

### PSAT

All 10th and 11th grade learners are encouraged to take the PSAT/NMSQT exam which is offered in early October. The PSAT exam tests knowledge in reading, writing, language, and math and is a practice test for the SAT which is typically taken during spring of junior year. The junior year test is also the qualifying exam for the national merit scholarship. Visit [College Board PSAT](#) for specific testing questions and free practice exams.

### SAT vs ACT

Learners interested in attending a four year university are encouraged to take the Scholastic Aptitude Test (SAT) or American College Test (ACT) during their junior year or senior year before applying to colleges/universities. Both of these exams are offered in the fall and spring each year at various brick and mortar high school campuses. Registration is available through College Board (SAT) or ACT Test Center websites. While both tests generally cover the same topics, the school recommends researching which tests (or both) would be right for the learner: [SAT vs ACT: Which Test is Right for You?](#) For practice tests and more information visit [ACT Testing](#) and [College Board \(SAT\)](#).

### College Board

For college bound learners, it is highly recommended they create an account on [www.collegeboard.org](http://www.collegeboard.org) early in their high school career. This keeps the learner informed of important testing dates and registration deadlines for college tests (including SAT/SAT Subject Tests, AP Exams, and CLEP). Families will also find free PSAT/SAT practice exams and AP practice questions on the College Board website.

### CLEP

CLEP exams help learners receive college credit for content that has been mastered in a particular subject area. Not all colleges recognize CLEP exams for college credit, so it is important to check the college admissions handbook prior to pursuing this option.

Additionally, colleges may place a limit on the total amount of credit a learner can earn through CLEP, or may only grant exemptions to specific courses but not award credit toward a degree. For further information, please visit: <https://clep.collegeboard.org>

### Services for Students with Disabilities (SSD)

Learners with an IEP or 504 plan may qualify for accommodations through the College Board. The process can take up to two months to process.

## College Credit Courses

College Credit Courses (dual and concurrent enrollment) enrollment is a popular option for learners on both the A-G and basic graduation path. Most semester-long college courses fulfill a year's worth of high school credit. While learners in all high school grades are allowed to register for community college courses, it is important

that a learner is socially, emotionally, and academically ready for the rigor and content of college level classes. College classes do not count towards the learners' full time enrollment at the school. Learners must request official transcripts for final grade assignments when they participate in a college credit course. Learners are assigned a tentative grade until the official transcript is received from the community college.

## **Registering for College Courses**

Families are responsible for registering for courses on their own and paying for all course material fees and requests for transcripts. Colleges require signatures from high school officials before learners are permitted to register. The Special Admit form must be submitted directly to the school counselor. The California Department of Education limits the number of courses taken by a high school learner to 5 units over summer and 11 units during the regular fall/spring terms. Check the local community college for their specific policy. Courses taken through dual enrollment are listed on permanent college transcripts.

## **Credit Evaluation**

All college courses will be evaluated by the School Counselor to determine high school credit. College courses worth a minimum of 3 or more units generally receive 10 credits toward graduation requirements when a C or above is earned. Foreign language courses may be equivalent to 2 years of high school foreign language credit if they are listed that way in the college's catalog. College courses taken prior to 9th grade are not eligible for high school graduation credit, but may fulfill UC/CSU admission requirements. It is the learner's responsibility to be aware of both the college and high school add/drop dates.

## **Grade Evaluations**

The grade earned in the course by the Guide will be the same grade issued on the high school transcript. Guides will issue an incomplete grade at the end of the semester until official college transcripts are received.

## **TRANSCRIPTS**

### **PSA/Private**

Learners who have previously filed a Private School Affidavit (PSA) or attended a private school must provide a transcript during the enrollment process. In addition, learners may be asked to submit a portfolio and/or work samples to verify previously completed coursework in order to grant credits accordingly. Unless courses were taken through an online program with a-g approval, these courses will be listed without the a-g designation.

### **Transfer**

Learners transferring from another public school must provide an official transcript during the enrollment process to verify previously completed coursework.

### **Requests**

Transcript requests (unofficial and official) can be made on the website under *Contact*.

## **College Credit Course Enrollment**

Learners must request official transcripts for final grade assignments when they participate in college credit course enrollment. Learners are assigned a tentative grade until the official transcript is received from the community college.

Upon course completion, official transcripts must be requested and sent to the high school.

- Please request e-transcripts to be sent directly to: [roselia.calderon@empowergeneration.org](mailto:roselia.calderon@empowergeneration.org)
- For paper transcripts, please have the college forward official sealed transcripts to Empower Generations address upon course completion each semester, please obtain address from the school website.

## HIGH SCHOOL ACTIVITIES

### Service Projects

Empower Generations periodically provides service projects for learners to earn volunteer hours. To inquire about opportunities, please contact [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org)

### Senior Internships

Seniors participate in a semester-long Internship Project working with community members to explore workforce experiences outside of school campus. This 5 credit course is designed to provide learners with opportunities to explore job and career opportunities.

### Senior Defense Portfolio

During a 6-8 week workshop, Seniors prepare a defense portfolio presentation to demonstrate high school graduation readiness and action steps to move on towards post-secondary goals.

### Clubs

Empower Generations offers leadership opportunities through learner led clubs. Learners choose a staff member as a Club Mentor and complete a Club Idea Form to submit to the Club Coordinator.

### Graduation

Empower Generations offers an end-of-the-year graduation ceremony for all graduates who have completed diploma and Certificate of Completion course requirements. This event celebrates each learner's hard work and achievements throughout their high school career. Friends and family members are invited to participate

## SECTION 7:

# POLICIES AND PROCEDURES

### ATTIRE

We do lots of walking, running, sitting, art, etc. Therefore, our parents and learners have found that loose-fitting, comfortable clothing and closed-toed sneakers or comfortable walking shoes work best at our school. Distracting clothing is discouraged and although we do not wish to limit our learners freedoms by imposing guidelines we will contact the parents to inform them about the inappropriate choice of clothing when necessary.

### COMPLAINT PROCEDURE

It is always our intent to resolve concerns in the simplest manner for all. If a parent has a classroom concern, it is expected that they will try to resolve the concern with the classroom facilitator. If the concern is not resolved, please bring your concern to the school administration. Every effort will be made to find a fair resolution through a personal conference or a meeting between the parties involved.

### EMERGENCY AND HEALTH PROCEDURES

#### Emergency Medical Authorization

Each parent is asked to complete the Emergency Medical Authorization portion of the Enrollment/Information Form and Emergency Contact Information. These forms will include the necessary information the school must have should an emergency arise. It is extremely important that the authorization and Emergency Contact Information be fully completed.

#### LEARNER MEDICATIONS ASSISTANCE

If your learner requires emergency or other medications (such as an inhaler, epi-pen, or oral medication), it must be prescribed by a doctor and will be kept in a locked compartment in the front office. A parent or guardian must complete a Request for Assistance Concerning Learner Medications form prior to the learner attending classes at Empower Generations. This form is available in the front office or on the Empower Generations website at: <https://empowergenerations.org>

#### Emergency Treatment for Anaphylaxis

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to learners who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC 49414 now require schools to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any learner who may be experiencing anaphylaxis, regardless of known history.

## **Immunizations**

Learners must be immunized against certain communicable diseases. Learners are prohibited from attending school unless immunization requirements are met for age and grade. The school shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The school may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any learner whose parents have consented in writing. Beginning January 1, 2016, parents of learners in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the learner enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Learners are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these learners to their schools. The immunization requirements do not prohibit learners from accessing special education and related services required by their individualized education programs.

A learner not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

## **Physical Examination**

A parent or guardian may file annually with the school director a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

## **Sudden Cardiac Arrest**

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack; it is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. In a school district, charter school, or private school that elects to conduct athletic activities, the athletic director, coach, athletic trainer, or authorized person must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related. A pupil who is removed from play may not return to that activity until he or she is evaluated by, and receives written clearance from, a physician or surgeon. On a yearly basis, an acknowledgement of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil's parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular school day or as part of a physical education course.

## EMERGENCY PROCEDURES

### Drills

Emergency drills, such as earthquake and fire drills are conducted during the school year. Drills are serious practice so that everyone will be prepared should an emergency occur. Procedures are reviewed with all staff who teach them to learners.

If an emergency occurs during regular school hours, learners will be directed by their facilitator to follow emergency procedures for the specific event. If an emergency occurs when the learners are not on-site, learners will be directed to the supervising aid, parent volunteer or other school staff member. These supervisors will call Empower Generations to provide an update and next steps.

### Actual Emergency

If an emergency extends beyond the end of the school day, learners will not be released until it has been determined that it is safe to do so. In the case of an emergency, parents or an emergency contact are expected to sign learners out, regardless of grade.

If damage is extensive, we ask that you park your car away from the valet areas and walk to the designated location to pick up your child. It is important to keep any lanes open for emergency vehicles only.

When you arrive at the school, an emergency response team (made up of public servants, staff and volunteers) will direct you to the appropriate check out area to sign out your child. If the school building is not considered safe, learners will be congregated in the parking lot away from all buildings. A phone message will be sent to your primary phone number with directions on where to pick up your child. Please do not leave the school.

### School Safety Plan

A Comprehensive School Site Safety Plan has been adopted at Empower Generations. This plan is available upon request from the school office.

## PARENTS' RIGHT TO KNOW FACILITATOR QUALIFICATIONS

Parents may request the following regarding their child's facilitator(s):

- Licensure and certification information
- Emergency or provisional teaching certificate
- Educational background
- Qualifications of Instructional Aides (if applicable)

## LEARNER RECORDS

A cumulative record, whether recorded by handwriting, print, or other means, must be maintained on the history of a pupil's development and educational progress. The School will protect the privacy of such records. Parents/guardians have the right to 1) inspect and review the pupil's educational record maintained by the school, 2) request that a school correct records which they believe to be inaccurate or misleading, and 3) have some control over the disclosure of information from educational records. School officials with legitimate educational interests may access pupil records without parental consent as long as the official needs to review the records in order to fulfill their professional responsibility. Upon request from officials of another school district in which a pupil seeks or intends to enroll, the school shall disclose educational records without parental consent.

Parents' request to access their pupil's educational records must be submitted in a written form to and the school will have five (5) business days from the day of receipt of the request to provide access to the records. Copies of pupil records are available to parents for a fee of per page.

Any challenge to school records must be submitted in writing to [malaka.donovan@empowergenerations.org](mailto:malaka.donovan@empowergenerations.org). A parent challenging school records must show that the records are 1) inaccurate, 2) an unsubstantiated personal conclusion or inference, 3) a conclusion or inference outside the observer's area of competence, 4) not based on the personal observation of a named person with the time and place of the observation noted, 5) misleading, or 6) in violation of the privacy or other rights of the pupil.

## FERPA

The Family Educational Rights and Privacy Act (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records.

For more information on FERPA, visit the U.S. Department of Education's website at: <http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

**Educational Rights for Adult Learners:** Once a learner turns 18, the learner has the legal ability to be the sole educational decision maker for themselves. Nothing prevents an educational agency or institution from disclosing education records, or personally identifiable information from education records, to a parent without the prior written consent of an eligible student if the disclosure meets the condition. (e.g. if learners are dependents of the parents under IRS tax codes or for a health or safety emergency). Please reach out to [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org) to request all educational rights to be transferred to the learner as an adult learner.

**Directory Information:** "Directory Information" includes one or more of the following items: learner's name, address, telephone number, e-mail address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent public or private school attended by the learner. Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian declines upon registration denying access to their pupil's directory information.

**Pupil Records Obtained from Social Media:** The school may gather information in the forms of video, photograph, blog, texts, and emails, to maintain school and learner safety. All social media information gathered will be destroyed within one year after the learner turns 18 years or older one year after the learner is no longer enrolled, whichever comes first.

## SERVICES TO DISABLED PUPILS

If you have reason to believe your learner has a disability requiring special services or accommodations, tell or write to the school. Your learner will be evaluated to determine whether they are eligible for free special or modified instruction or services. The school has policies guiding procedures for identification and referral. Learners identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. Whether virtual or in-person, special education services can only be rendered to learners who are physically in the state of California. No services will be rendered for Special Education outside of the state.

## **Instruction for Pupils with Temporary Disabilities**

A pupil with a temporary disability which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable may receive individualized instruction provided through distance learning. Please contact [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org) for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in the district of residence or charter school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days with both school settings and attendance may not be duplicated. If necessary, the district of residence may provide instruction in the home for the days not receiving instruction in the hospital setting, depending upon the temporary doctor orders. The supervisor of attendance shall ensure that absences from the regular school program are excused until the pupil is able to return to the regular school program.

An honorary high school diploma which is clearly distinguishable from the regular diploma of graduation may be awarded to a pupil who is terminally ill, from the resident governing school board, a county office of education or a charter school.

## **NON DISCRIMINATION**

Empower Generations is committed to providing a safe school environment where all individuals in education are afforded equal access and opportunities. Specifically, state law prohibits discrimination on the basis of gender in enrollment, counseling, and the availability of physical education, athletic activities, and sports. Transgender learners shall be permitted to participate in gender-segregated school programs and activities (e.g., athletic teams, sports competitions, and field studies) and to use facilities consistent with their gender identity. The School assures that lack of English language skills will not be a barrier to admission or participation in School programs. Complaints of unlawful discrimination, harassment, intimidation, or bullying are investigated through the Uniform Complaint Process. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. For a complaint form or additional information, contact the school office at 661.429.3264

## **SAFE PLACE TO LEARN ACT**

Empower Generations is committed to maintaining a learning environment that is free from discrimination, harassment, violence, intimidation, and bullying based on actual or perceived characteristics set forth in Section 422.55 of the Penal Code and EC 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. Empower Generations may utilize outside companies to control pests. If, in any given situation, non-chemical methods of pest management are ineffective and it is deemed necessary to use a pesticide during the school year, the area of application will be placarded in advance, as required by law. Parents or guardians who wish to be personally notified of any pesticide applied at an iLEAD location, please contact the office.

## MENTAL HEALTH AND SUICIDE PREVENTION POLICY

The Governing Board recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to reduce suicidal behavior and its impact on learners and families, the Director(s) or designee have developed preventive strategies, intervention and postvention procedures. The purpose of this policy is to protect the health and well-being of all learners by having procedures in place to prevent, assess the risk of, intervene in, and respond to suicide.

In order to initiate access to available pupil mental health services, you may contact the following mental health provider: [brian.moody@empowergenerations.org](mailto:brian.moody@empowergenerations.org). Our school will notify parents at least twice per year. This is one time through our Annual Notifications, we will also notify you again a second time each school year via email or by brochure.

## FIELD STUDIES

Throughout the school year, learners will take many trips, often planned through facilitator and parent collaboration. These trips are a part of Empower Generation's project-based curriculum and may include walking trips, trips by private or school vehicles, and buses. Participation is a vital part of the learning process and is strongly encouraged.

A walking field trip permission slip is completed as part of the enrollment packet. Signing the form indicates you have granted your child permission to participate in Empower Generation's ongoing walking field trip program throughout the school year. Facilitators will not send home trip slips for each individual walking field trip.

Field Trip Permission Slips will be required for all non-walking field trips. Learners must have a permission slip on file in order to participate in a field trip.

Approved volunteers\* are encouraged to accompany your child's class on a field trip, please let the facilitator know in advance. We appreciate all volunteers for trips. \*See Family Expectations for information on the volunteer process.

## MISCELLANEOUS POLICIES

### Harm or Destruction of Animals

Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform their facilitator of the objection. Objections must be substantiated by a note from the pupil's parent or guardian.

A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the facilitator believes that an adequate alternative education project is possible. The facilitator may work with the pupil to develop and agree upon an

alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question.

## **Surveys**

Our school will not use tests, questionnaires, surveys or examinations containing any questions about the pupil's personal beliefs or practices in sex, family life, morality, and religion, unless the parent or guardian is notified in writing that the test, questionnaire, survey, or examination is to be administered and the parent or guardian consents in writing.

## **Civility on School Grounds**

Any person who willfully disturbs any public school or any public school meeting is guilty of a misdemeanor, and shall be punished by a fine of not more than five hundred dollars (\$500). It is unlawful for any person, except a parent/guardian acting toward their minor child, to intentionally or to attempt to injure, intimidate, interfere by force, threat of force, physical obstruction, or nonviolent physical obstruction with any person attempting to enter or exit any public or private school grounds.

## **Child Abuse and Neglect Reporting**

Empower Generations is committed to protecting all learners in its care. All employees are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred. School employees may not investigate to confirm a suspicion. All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (*i.e.*, Police or Sheriff's Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

## **Custody Issues**

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any learner release situation which leaves the learner's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

## **Electronic Listening or Recording Device**

The use by any person, including a learner of any electronic listening or recording device in any classroom without the prior consent of the facilitator and the school director is prohibited as it disrupts and impairs the teaching process and discipline in the schools. Any person, other than the learner willfully in violation shall be guilty of a misdemeanor. Any learner in violation shall be subject to appropriate disciplinary action.

## **Gun-Free School Zone Act**

California prohibits any person from possessing a firearm on, or within 1,000 feet from, the grounds of a public or private school, unless it is with the written permission of School Director, Malaka Donovan. This does not apply to law enforcement officers, any active or honorably retired peace officers, members of the military forces of California or the United States, or armored vehicle guards engaged in the performance of, or acting in the scope of, their duties. A person may also be in possession of a firearm on school grounds if the firearm is unloaded and in a locked container or within the locked trunk of a motor vehicle. A violation of this law is

punishable by imprisonment in a county jail for up to six months, a fine of up to \$1,000, or both imprisonment and fine.

## **Title IX**

Title IX of the Education Amendments of 1972 is one of several federal and state anti-discrimination laws that ensure equality in educational programs and activities that receive federal funding. Specifically, Title IX protects male and female pupils and employees, as well as transgender pupils and pupils who do not conform to sex stereotypes, against discrimination based on sex, including sexual harassment. California law also prohibits discrimination based on gender, gender expression, gender identity, and sexual orientation. Under Title IX, pupils may not be discriminated against based on their parental, family, or marital status, and pregnant and parenting pupils may not be excluded from participating in any educational program, including extracurricular activities, for which they qualify. For more information about Title IX, or how to file a complaint of noncompliance with Title IX, contact: School Director, Malaka Donovan.

# FAMILIES AND EMPOWER GENERATIONS WORKING TOGETHER

## FAMILY PARTICIPATION EXPECTATIONS

Empower Generations seeks to make education a community passion. To this end, parent participation is essential to the success of the education process. Parents are strongly encouraged to participate in the operation of the school as an integral part of the staffing and support team and with the charter staff in the development and successful completion of the individual learning plan for your child.

It is because of families like you that we are able to offer such a unique program for our children here at Empower Generations

Volunteering and participation are always optional. We do strongly encourage participation in order to foster the home-school connection and work tirelessly to create a culture where families feel welcome to come onto campus often, but of course, we understand that is not an option for every family. If possible, families are asked to participate 40 hours per year, which works out to 1 hour per week or 4 hours per month. These hours can be earned through a variety of opportunities intentionally designed to accommodate a range of schedules and ability to participate, including classroom volunteering, operational / facilities assistance, relevant professional expertise, administrative tasks or by attending Parent University workshops and seminars. If you are interested in volunteering, please contact our front office - [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org)

### *EXAMPLES OF FAMILY VOLUNTEER WORK*

- In-class support as an educator aide
- Adult workshops – parents teaching other parents
- Outside research in support of specific school projects
- Driving on field trips (must register as driver)
- Organizing a community service project for learners
- Supervising at the school – lunch periods, recess, before school
- Operation support – maintenance of the campus
- Hosting an activity in your home or business

NOTE: All volunteers working with children must have a current TB test on file which are valid for 4 years, as well as a LiveScan criminal background check. LiveScan screenings are valid for the full duration of stay at the school. LiveScan can be obtained at various LiveScan locations and could take up to 2 weeks to clear. Please see the Empower Generations website at <https://empowergenerations.org> or a list of locations as well as the necessary LiveScan paperwork.

### *RECORDING VOLUNTEER HOURS*

All volunteers should record their volunteer hours into the Check In system located in the Empower Generations lobby. Hours completed off-campus can be forwarded to [roselia.calderon@empowergenerations.org](mailto:roselia.calderon@empowergenerations.org).

Appointments to such committees shall be by a majority vote of the directors then in office. He or she shall preside, in the absence of the chairman of the board, or if there be none, at all meetings of the board of directors. He or she shall have the general powers and duties of management usually vested in the office of president of the corporation and shall have such other powers and duties as may be prescribed by the board of directors or the bylaws.

Section 8. VICE PRESIDENTS. In the absence or disability of the president, the vice presidents, if any, in order of their rank as fixed by the board of directors or, if not ranked, a vice president designated by the board of directors, shall perform all the duties of the president, and when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the board of directors or the bylaws and the president or the chairman of the board.

The secretary shall keep, or cause to be kept, at the principal executive office or such other place as the board of directors may direct, a book of minutes of all meetings and actions of directors, and committees of directors, with the time and place of holding, whether regular or special, and, if special, how authorized, the notice thereof given, the names of those present at directors and committee meetings, and the proceedings thereof.

The secretary shall give, or cause to be given, notice of all meetings of the board of directors required by the bylaws or by law to be given, and he or she shall keep, or cause to be kept, the seal of the corporation, if one be adopted, in safe custody, and shall have such other powers and perform such other duties as may be prescribed by the board of directors or by the bylaws.

Section 10. TREASURER. ## **ARTICLE IX INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES**

Section 1. DEFINITIONS. For the purposes of this Article IX, the definition of the terms “agent”, “proceeding”, and “expenses” shall be governed by Section 5238 of the Code.

Section 2. INDEMNIFICATION IN ACTIONS BY THIRD PARTIES. To the fullest extent permitted by law, the corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor, an action brought under Section

5233 of the Code, or an action brought by the Attorney General of California or a person granted relator status by the Attorney General of California for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

Section 3. OTHER INDEMNIFICATION. No provision made by the corporation to indemnify its directors or officers for the defense of any proceeding, whether contained in the articles of incorporation, bylaws, a resolution of directors, an agreement, or otherwise, shall be valid unless consistent with this Article IX and the Law. Nothing contained in this Article IX shall affect any right to indemnification to which persons other than such directors and officers may be entitled by contract or otherwise.

Section 4. INSURANCE. The corporation shall have the power to purchase and maintain insurance to the full extent permitted by law on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such.

## **ARTICLE X RECORDS AND REPORTS**

Section 1. MAINTENANCE OF CORPORATE RECORDS. The corporation shall keep (a) adequate and correct books and records of account kept either in written form or in any other form capable of being converted into written form and (b) minutes, in written form, of the proceedings of the board of directors and committees of the board. All such records shall be kept at the corporation's principal executive office, or if its principal executive office is outside the State of California, at its principal office in this state.

Section 2. MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS. The corporation shall keep at its principal executive office, or if its principal executive office is not in the State of California, at its principal office in this state, the original or a copy of its articles of incorporation and bylaws, as amended to date, that shall be open to inspection by the directors at all reasonable times during office hours. If the principal executive office of the corporation is outside the State of California and the corporation has no principal office in this state, the Secretary shall, upon the written request of any director, furnish to such director a copy of the articles of incorporation or bylaws, as amended to date.

Section 3. INSPECTION. Every director shall have the absolute right at any reasonable time, and from time to time, to inspect all books, records, and documents of every kind and the physical properties of the corporation. Such inspection by a director may be made in person or by agent or attorney and the right of inspection includes the right to copy and make extracts. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents.

Section 4. ANNUAL REPORTS. The board of directors shall cause an annual report to be sent to the directors within 120 days of the corporation's fiscal year end. That report shall contain the following information, in appropriate detail, for the fiscal year:

- (a) The assets and liabilities, including the trust funds, of the corporation as of the end of the fiscal year;
- (b) The principal changes in assets and liabilities, including trust funds;
- (c) The revenue or receipts of the corporation, both unrestricted and restricted to particular purposes;
- (d) The expenses or disbursements of the corporation for both general and restricted purposes; and
- (e) Any information required by Section 5 of this Article X.

The annual report shall be accompanied by any report thereon of independent accountants or, if there is no such report, by the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation.

Section 5. ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS. As part of the annual report to all directors, the corporation shall annually prepare and mail or deliver to each director within 120 days after the corporation's fiscal year end, a statement containing any information required by Section 6322 of the Code with respect to the preceding year.

## **ARTICLE XI GENERAL MATTERS**

Section 1. CHECKS, DRAFTS, EVIDENCES OF INDEBTEDNESS. All checks, drafts, or other orders for payment of money, notes, or other evidences of indebtedness, issued in the name of or payable to the corporation, shall be signed or endorsed by such person or persons and in such manner as, from time to time, shall be authorized by the board of directors.

Section 2. CORPORATE CONTRACTS AND INSTRUMENTS; HOW EXECUTED. Except as otherwise provided in these bylaws, the board of directors may authorize any officer or officers,

agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the corporation, and such authority may be general or confined to specific instances; and, unless so authorized or ratified by the board of directors or within the agency power of an officer, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

Section 3. CONSTRUCTION AND DEFINITIONS. Unless the context requires otherwise, the general provisions, rules of construction, and definitions in the Law shall govern the construction of these bylaws. Without limiting the generality of the foregoing, the singular number includes the plural, the plural number includes the singular, the masculine gender includes the feminine and neuter, and the term "person" includes both a corporation and a natural person. All references in these bylaws to the Law or to the Code shall be deemed to be those in effect from time to time.
